

THE WIDOW OF Gen. Douglas MacArthur and her son, Arthur, attended ceremonies paying final tribute to the military hero. Mrs. MacArthur's escort, Brig. Gen. Howard Snyder, is at the left. After lying in state in the Capitol rotunda in Washington, the body will be taken to Norfolk, Va., for burial. (AP Wirephoto)

## Nationwide Rail Strike May Start At Midnight

### Gen. MacArthur Has His Last Journey Today

WASHINGTON (AP) — From under the great dome of the Capitol, where his body was placed with heart-tugging ceremony, General of the Army Douglas MacArthur travels today on his last earthly journey.

President Johnson, who led the nation Wednesday in paying highest homage to the old general, does him further honor today.

#### Casket On Caisson

Down from New York, where MacArthur had lain in state in the renowned old 7th Regiment Armory, the funeral train bore the widow Jean, the son Arthur, 26, and in a flower-banked baggage car, the simple GI-issue coffin. At three points on the route—Trenton, N.J., Odenton and Aberdeen, Md.—military units stood in solemn salute, their colors dipped and their bands playing such hymns as "Lead Kindly Light" and "Faith of Our Fathers."

Soon after the train came to a stop President Johnson strode slowly into Union Station, carrying a black homburg in his hand. Head bowed, he moved along the great concourse, between lines of servicemen with presented arms, to the train. The First Lady was with him, garbed in black.

#### Weather Chilly

Up the broad steps of the Capitol, their polished boots moving in slow, perfect unison, the military pallbearers carried the casket, to the rotunda.

There the chaplains of Senate and House eulogized the general. The Rev. Frederick Brown Harris, Senate chaplain, recalled for the audience of diplomats, Supreme Court judges, Cabinet members and other dignitaries, MacArthur's accomplishments in peace as well as war.

#### Air Force Chief

WASHINGTON (AP) — The reappointment of Gen. Curtis E. LeMay for another abbreviated extension in his job as Air Force chief of staff is stirring curiosity in the capital.

The White House announced Wednesday that LeMay — who does not see eye to eye with the Defense Department on some aspects of airpower — has agreed to a request by President Johnson that he remain in his post until next Feb. 1.

When his first two-year term as chief of staff approached completion last year, President John F. Kennedy reappointed LeMay for one year, with the expiration time this summer. Secretary of Defense Robert S. McNamara had recommended to Kennedy that LeMay be given only a one-year reappointment instead of a full term.

### Boy, 4, Trapped In Refrigerator Rescued Safely

FLINT (AP)—Four-year-old Roy Bailey spent hours inside a locked refrigerator Wednesday before being freed — evidently unharmed.

As police were searching the neighborhood, Roy's grandfather, John Remore, 53, found the boy in the unused refrigerator in a neighbor's garage.

Roy apparently had trapped himself in the refrigerator while alone at play. He had been missing from midmorning until afternoon.

All Roy could tell his mother, Mrs. Pauline Bailey, 27, was that he had been "in the icebox a long time." Police said it could have been from four to six hours.

A physician found nothing wrong. However, Roy was taken to St. Joseph Hospital for overnight observation.

### Romney Offers His Own Plan On Districting

LANSING (AP)—Gov. George W. Romney today gave the legislature his version of new congressional districts for Michigan and asked for a report by Tuesday on whether it can get bi-partisan support.

Unless a new districting plan is approved by April 24, the governor told a meeting of Republicans and Democrats in his office, the current 1964 election schedule cannot be met.

As Romney showed his population-based redistricting plan, immediate protests were voiced by lawmakers from the Upper Peninsula and from counties whose boundaries would be crossed by the proposed district lines.

Romney told lawmakers they must determine whether there is bi-partisan support for any congressional redistricting plan by next Tuesday — and enact it within the next two weeks.

Votes of both parties would be needed in the legislature for the two-thirds required to give any plan immediate effect upon passage.

Immediately after Romney's opening remarks, which stressed the press of time, Rep. Joseph Mack, D - Ironwood, said: "This is grossly unfair!"

Romney asked for a chance to distribute copies of the plan, and then explained it on a map. The eight counties at the northern tip of Lower Michigan would join with the entire Upper Peninsula to form one district.

Mack said the Upper Peninsula "is confronted with more area — and the pathetic part of it is the most population — in this plan than any other district."

After the meeting, he told newsmen: "It would complete the rape of the Upper Peninsula!"

### Romney Backed By Republicans As Favored Son

By The Associated Press

Michigan Republican county conventions heavily endorsed Gov. George W. Romney as a favorite son candidate for president Wednesday night, but Arizona Sen. Barry Goldwater carried a strong undercurrent of support.

Delegates chosen at the conventions in the state's 83 counties will pick Michigan's 48-man contingent to the GOP National Convention. The 48 will be chosen in the state convention May 9 at Grand Rapids.

Most delegates will go to Grand Rapids uncommitted — meaning they'll support Romney as leader of the Michigan delegation to San Francisco, an Associated Press survey showed.

But, officials of the Michigan Goldwater - for - President Committee claimed support of 25 and 30 per cent of the delegates in some counties.

Romney got favorite son support at conventions in Ottawa, Shiawassee, Lenawee, Cass, Midland, his home base of Oakland, and in other counties.

Goldwater was strong in Berrien and Muskegon counties and the 14th District in Wayne County.

A split appeared likely in Kal-

amazoo and Kent counties. Monroe and St. Joseph Counties were noncommitted.

Ottawa elected 34 delegates to the state convention admist talk of endorsing Romney on the first ballot.

Shiawassee's 12 delegates pledged full support to the governor, and Lenawee's 18 delegates, will go to Grand Rapids committed to Romney as the leader of the state Republican Party. Lenawee will have a delegate to the national convention this year.

The Cass County convention — drawing its largest turnout in a dozen years — picked Mrs. Eva C. Loupee of Dowagiac as its national delegate. She defeated Goldwater supporter Charles Harmon.

Genesee County's Republican committee squelched Goldwater support by refusing to seat fill-in delegates.

The Menominee County convention, under chairmanship of State Sen. Kent P. Lundgren, remained uncommitted on a decision that it would be guided by Romney's position in the matter. The convention named five delegates and five alternates.

### Talks Continue In Effort To Avert Walkout

WASHINGTON (AP)—Secretary of Labor W. Willard Wirtz pressed emergency negotiating sessions today in an effort to head off a nationwide rail strike at midnight.

After a night session running into the early morning hours, Wirtz met with union representatives again at 10 a.m. Railroad negotiators were scheduled to join the session later.

The labor secretary indicated that he planned to keep negotiations going right on through to the strike deadline if no agreement was reached.

He had reported no progress when the night session ended at 3:15 a.m.

H. E. Gilbert, president of the AFL-CIO Brotherhood of Locomotive Firemen and Engineers, absent from Wednesday's sessions, came to the 10 a.m. meeting.

#### Five Unions Involved

Gilbert declined comment on the prospects of averting a strike. "I just got here," was his answer to questions from newsmen.

Charles Luna, president of the AFL-CIO Brotherhood of Railroad Trainmen, was expected this afternoon.

Five unions and nearly 200 railroads are involved in the dispute.

As the all-night sessions ended, Wirtz indicated that President Johnson was gravely worried about the prospect that a rail strike might seriously damage the nation's economy.

#### Deadline 12:01 a.m.

Facing the government—and the railroad-riding public—was a 12:01 a.m. Eastern Standard Time Friday strike deadline.

That's when — J. E. Wolfe, chief management negotiator, said after the Illinois Central walkout, nearly 200 railroads will post new work rules.

And that's when the unions say some 200,000 workers will walk off their jobs.

The dispute centers on the railroads' proposed changes in wage structure, job classifications, length of train runs and other working conditions.

The rules changes have been under negotiation on a national level since their consideration last year by the courts and Congress.

The unions tried to bypass the stalled national negotiations by seeking talks with individual railroads, but this was balked as the industry maintained a united front.

#### Both Get Blame

Each side blamed the other for stirring up the new crisis.

Wolfe labeled the Illinois Central strike as "continued irresponsibility" on the part of the unions.

Spokesmen for five operating unions replied that if there is a coast-to-coast strike it will be the fault of the railroads for imposing the rules changes on a nationwide basis.

The railroads maintain that obsolete work rules are costing them millions of dollars a year unnecessarily. The unions say wage structure changes proposed by the industry would amount to pay cuts of 30 per cent or more for many union members.

#### EMBARGO IN FORCE

WASHINGTON (AP) — Most U.S. railroads have embargoed all freight effective at 12:10 a.m. Friday, the Association of American railroads said today.

The embargo because of the threatened nationwide railroad strike serves notice that the railroads will not accept freight for loading, transporting, interchange or reconsignment.

The association said that most railroads will not schedule passenger trains that would be unable to reach their destination by the 12:01 a.m. strike deadline.

It said that in the case of trains already en route, efforts will be made to move them to points from which travelers may obtain alternative transportation.

#### PAY RAISES INDICATED

WASHINGTON (AP) — Here are the principal work rules (Please turn to Pg. 18, Col. 4)

### Girls, 17, Fined In Bomb Scares

CADILLAC (AP) — Two 17-year-old girls who admitted causing false bomb scares at their high school were fined \$100 each by a judge and sentenced to 30 days in jail Wednesday.

But, Recorder's Judge Frank Miltner, father of six children suspended the jail sentences. The girls accepted his proposal that they clean windows, wash blackboards and perform other menial tasks at the school at a \$1-an-hour rate to pay the fines.

During the last few years the girls' school, Cadillac Senior High School, has had four false bomb scares.

Miltner said the girls' sentence was meant as a "possible deterrent" to other pranksters.

Both girls were suspended from school for this semester. They admitted telephoning fictitious reports that bombs were in the school March 26 and 27. Both times the school evacuated its 700 pupils.

Judge Miltner preferred not to make public the names of the girls. He said it was the first time either had been in trouble.

### Judges Indicted In Oklahoma For Tax Dodging

OKLAHOMA CITY, Okla. (AP) —Federal indictments have charged two prominent judges, who together have served 56 years on the Oklahoma Supreme Court, with evading payment of \$25,000 in income taxes.

The indictments returned Wednesday by a federal grand jury named Justice Earl Welch, long a leader in Oklahoma Indian affairs, and supernumerary Judge N. S. Corn.

Welch, 72, is senior member of the state's highest court with 32 years continuous service. Corn, 80, went into semiretirement in 1958 after 24 years as a Supreme Court justice. As a supernumerary judge, he is assigned by the Supreme Court to hear a few cases a year.

Both judges are Democrats.

#### Weather

By The Associated Press

Upper Peninsula — Partly cloudy through tonight. Warmer tonight, turning cooler Friday. Low tonight 20 to 25, high Friday 38 to 44.

Lower Michigan — Sunny and warmer this afternoon, high 45 to 55. Partly cloudy and not as cold tonight, low 26 to 34. Friday partly cloudy, a little colder, high 40 to 57. Outlook for Saturday — Partly cloudy and a little warmer.

Highest temperature Wednesday, 44, lowest, 30.

Highest temperature one year ago today, 48, lowest, 32.

Highest temperature this date since 1872, 78 in 1931, lowest, 19 in 1914.

The sun sets today at 7:27 p.m. and rises Friday at 6:12 a.m.

### House Approves Top Priority Food Stamp Bill

WASHINGTON (AP) — From the sometimes fractious House of Representatives, President Johnson had two legislative plums today.

The big and controversial wheat-cotton subsidy bill; a top priority election year measure on his desk and ready for his final signature.

House approval of the food stamp program, a key part of his declared "war on poverty." This goes to the Senate, where it must await action in the dim future after the civil rights bill is disposed of.

#### Vote After Midnight

The House acted on both measures after a hot, bothered and bewildering session that began at 11 a.m. Wednesday and

didn't end until 12:44 a.m. today.

The food stamp plan passed handily by a 229-189 margin in spite of a long campaign of delaying action by Republican opponents. It got the support of 216 Democrats and 13 Republicans, while 163 Republicans and 26 Democrats were opposed.

But the wheat-cotton bill was a cliffhanger, approved 211 to 203. A switch of five votes would have changed the outcome. That vote came well after midnight under a procedure that limited debate to one hour and banned any amendments.

A tense hush came over the chamber as the last stragglers were being recorded in the "well" of the House, a circular area in front of the speaker's chair. Suddenly, Republican leader Charles A. Halleck of Indiana demanded that the well of the House be cleared, a rule seldom invoked.

Speaker John W. McCormack of Massachusetts replied mildly that the Democrats should get a turn after a group of Republicans had recorded their votes. He told the remaining Democrats to step back a pace and continue.

A torrent of boos came from Republicans, a measure of the feeling that had built up during the long session. Veteran observers in the press gallery could not recall a similar occurrence.

"I hope it isn't a volcano," said Mrs. Robert L. Hanson. It wasn't.

Roger M. Waller of the U. S. Geological Survey, said underground water pressure probably had built up in the spring thaw and pushed up the soil until it fractured and bubbled out Wednesday.

The result was a bulge about 50 feet across. Residents said the ground had risen 10 feet, pushing up trees as it went.

### Red Guerrillas Kill 28 In Raid Close To Saigon

TAN AN, Viet Nam (AP)—A Communist victory only 15 miles south of Saigon has dealt a major setback to strongman Premier Nguyen Khanh's plan to clear the Viet Cong from Long An Province, on the doorstep of his capital.

Viet Cong guerrillas overran a Vietnamese self defense post at 3 a.m. Wednesday and killed 28 South Vietnamese. Most of the dead, including two civilians were riddled in their beds.

Thirty-six men were wounded and 37 others were missing, believed captured after the hit-and-run battle in which the Viet Cong seized 115 weapons and blew up three watchtowers.

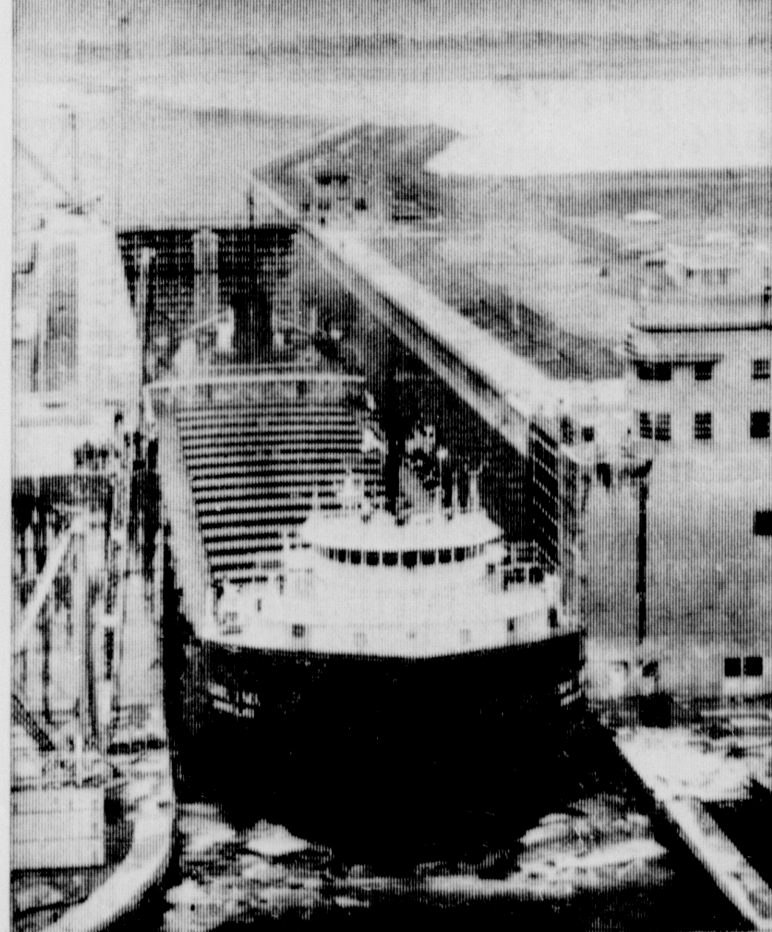

South Viet Nam's 7th Division sent in a large force to stalk the guerrillas, and heavy mortar fire was reported in the area today.

American sources said the guerrillas apparently were aided by agents working inside the post at Go Den, 30 miles north of this provincial capital.

These Communist undercover men were reported to have signaled the attack by racing into the barracks and spraying the sleeping troops with bullets. The Viet Cong attacked in force seconds later.

### Today's Chuckle

Funny thing about bop talk—you know you've arrived when they tell you you're gone.

THE CAROL LAKE, 715-foot carrier loaded with 400,000 bushels of grain for the Soviet Union, is the first vessel through the Eisenhower lock at Massena, N.Y., as the St. Lawrence Seaway opens its season for 1964. The opening is the earliest in the five-year history of the waterway. (AP Wirephoto)

### First Unmanned Gemini Flight In Perfect Orbit

CAPE KENNEDY, Fla. (AP)—The United States today moved confidently ahead on its second manned space program, Gemini, following the success of the first unmanned flight.

A Titan 2 rocket propelled a two-seat Gemini spacecraft into orbit in an almost perfect launching. The rocket lifted off only one second behind scheduled, but a launching official

claimed the range clock must have been wrong because the countdown was completed without even a one second delay.

Project Director Charles Mathews of the Manned Spacecraft Center said the flight gave the Gemini team confidence to proceed toward a second unmanned flight and a manned orbital trip this year.

The second flight, set for late August or early September, is to hurl a spacecraft on a ballistic flight to test all systems, atmospheric re-entry and recovery.

The first manned mission calls for two astronauts to ride a Gemini capsule on a three-orbit flight, hopefully in November or December.

The opening Gemini shot tested structural integrity of the spacecraft, ability of the Titan 2 to place the capsule in a precise orbit, and aerodynamic compatibility of the rocket-capsule combination.

Maj. Gen. Ben I. Funk, commander of the Air Force space systems division, termed the launching a "storybook sort of flight" in which everything seemed to go right.

Engineers estimated it would require several days to analyze the data, but preliminary study indicated all objectives were achieved.

#### Union Head Found Guilty In Hoffa Jury Tampering

NASHVILLE, Tenn. (AP)—Henry F. Bell, vice president of the 100,000-member International Longshoremen's Association, was found guilty Wednesday night of trying to buy two jurors' votes in a trial of James R. Hoffa on a conspiracy charge.

Bell was the sixth person convicted of tampering with the jury in the 1962 trial of Hoffa, president of the Teamsters Union. Hoffa himself was sentenced to eight years on the charge.

Bell was acquitted of one count in a three-count indictment and U.S. Dist. Judge Frank Gray Jr. dismissed another count for lack of proof. Bell faces a maximum sentence of five years imprisonment and \$5,000 fine. Sentencing was set for April 27.

The 54-year-old New Yorker is free under \$20,000 bond. His attorneys said they will appeal.

#### Ape Turns In False Alarm

STANFORD, Calif. (AP)—An ape turned in a false alarm Wednesday.

The ape, being used for experiments at Stanford University Medical Center, was being wheeled in a cage when he reached between the bars and pulled the alarm lever.

## Warmth Needed For Smelt Runs

Cold weather continues to chill the enthusiasm of smelt fishermen for their favorite springtime sport, and the Conservation Department is not encouraging as to the volume of the 1964 smelt run in this area.

"It will be a couple of weeks before a n y run develops around here," said Cliff Long, fish biologist with the Department at Escanaba. "The way it looks there will not be much activity until the week of April 19th, with the peak run coming a little later."

This will not be either earlier or later than other years. The run starts ordinarily about April 18.

"I don't expect too good a run," Long added. "The volume of smelt has been going down year by year and the commercial catch on smelt does not indicate there is any recovery for this year."

Delta County has a number of excellent smelt dipping streams. But the bay is still dotted with drifting ice and the water temperature is too low to trigger the smelt spawning runs.

Among the streams are the Bark River and Ford River from M 35 bridge to the mouth; Escanaba River from the No. 1 dam at U. S. 2 to the mouth; Days River from U. S. 2 to the bay; Tacoosh from U. S. 41 to the bay; Big Fish-

dam and Little Fishdam from old U. S. 2 to the bay; Valentine and Garden creeks from County Road 483 to the mouth; Squaw Creek from County Road 513 bridge to the mouth; and Sturgeon River from County Road L-7 to the mouth.

All other streams in Delta County tributary to Lake Michigan are open to smelt dipping except Rapid River and Whitefish River for a distance of 1,500 feet above the mouth, which is walleye spawning grounds.

Streams tributary to the Great Lakes and their connecting waters for a distance of 1,500 feet above the number of counties including Alger, Luce, Mackinac, Marquette and Schoolcraft are also open. In Menominee County dipping is permitted to the mouth of the stream.

Fishermen must have a Michigan license and are permitted the use of hand nets not exceeding five feet in circumference, with or without a handle. The season extends from March 1 to May 31.

## Chips And Splinters

### Contributions To Chips Welcomed

Mayor Edward Woieske of Marinette, Wis., asks that anyone knowing of the family of Marie Leonie Dupuis, born in Marinette in April, 1877, who died May 18, 1909 in Belgium, write to him, at Marinette City Hall.

### VALOR AWARDS

For valor in the Korean war, the U.S. Army awarded 78 Medals of Honor, the Navy awarded 8, the Marine Corps gave 42 and the Air Force awarded 4.

## Trenary Choir Easter Program At Rapid River

RAPID RIVER—The Trenary Methodist Choir presented its Easter Cantata at the Congregational Church in Rapid River Monday evening. The Easter story told in song and verse, was compiled by choir director Mrs. William Bucholtz and Mrs. Andrew Rodgers, Sr.

Highlights of the program were the poems read by Mrs. Rodgers with organ accompaniment and the special musical numbers by Mrs. Lucille Richmond, Mrs. Esther Cauchon, Lynn Marrin, Rhonda Bucholtz and Mrs. William Bucholtz. The organ accompaniment was played by Mrs. George Hager and Mrs. Vance Davis.

A free will offering of \$19 was presented to the choir by the Rev. Charles Hazard, minister of the Congregational Church. A social hour followed the program.

## Briefly Told

Escanaba firemen were called to the Lloyd Flinn residence, 206 N. 21st St., at 9:55 a. m. today when a motor on a furnace blower burned out. There was no other damage.

Ore Handlers Lodge 400 will meet at the Eagles Club at 7:30 p. m. Friday.

Traffic court summons has been issued by Escanaba police to George E. Rose, 1215 Montana, Gladstone for failing to exercise due caution.

Gladstone State Police on Wednesday issued tickets to Marvel Vargo, Rte. 1, Gladstone, failure to stop at a stop sign; Henry Brunette, Rte. 1, Escanaba, driving while license was revoked, and Edwin Berg, Porterfield, Wis., no muffler on tractor.

Delta County Clerk William Butler has issued a marriage license to Wayne Gordon Gifford of Marquette and Carolyn Marie Newmann of Bark River.

John Pearson, 21, of 213 S. 9th St., was reported in good condition in St. Francis Hospital today after injury Wednesday morning when the United Parcel Service truck he was driving crashed a utility pole near Bagley in Menominee County when it was struck by a gust of wind on icy pavement. He suffered a leg fracture and other injuries.

## Webster Sixth Grade Lauded For Gift To Retarded

Boys and girls of the sixth grade of the Webster School, whose publication and sale of a newspaper, the "Webster Informer" netted \$45 which was presented as a gift to help finance the day school for Retarded Children, have been praised for their thoughtfulness and diligence.

Albert J. Valind, president of the Delta County Chapter, Michigan Association to Retarded Children, thanked the Webster sixth graders on behalf of the retarded children "who are unable to understand the significance of your gift."

Valind complimented the students on the excellence of their newspaper. "We are very proud that you have chosen to help someone that may never be able to do the wonderful things you are doing. This money will be used to try to teach these children things that you probably learned years ago and some of them may never attain even a sixth grade education. So I ask you young ladies and gentlemen, if you ever have the occasion, please help these children in any way you can. Be kind to them and protect them from insults as they are very sensitive to the feelings of others and want to be loved much more than a normal child," Valind wrote.

Louis Diedrich, teacher-principal at the Webster, said the newspaper project was worthy and worthwhile, and combined all phases of curriculum subject-area in its preparation.

No special license or certificate is required for a gyroglider. However, the Federal Aviation Agency must be notified in advance of flights higher than 150 feet or within five miles of an airport.

## Pinecrest Bid Of Piquette Low

Trustees of Pinecrest Medical Facility in special session at the hospital on Tuesday received bids on remodeling work there from 7 construction contractors.

The \$228,000 base bid of N. J. Piquette of Menominee was lowest of the 7 and Administrator Gene L. Marcantonio announced that a contract would be awarded as soon as approval is received from the Hospital and Facilities Division of the U. S. Public Health Services, Chicago. It is expected, he said, that approval will be received in about 10 days.

The other bidders and their

## Death Takes T. L. Talvitie

Theodore L. Talvitie, 52, of Talvitie Auto Service in Rapid River, died suddenly at 12:45 p. m. Wednesday, of a heart attack suffered while at work.

He was born in Eveleth, Minn., Nov. 5, 1911, and had lived in Rapid River the past 15 years. He was a member of Calvary Lutheran Church.

Surviving are his wife, Esther, two sons, Ronald of Dearborn, and Gerald, who is in the U. S. Navy; one daughter, Cheryl, Rapid River; two sisters, Mrs. Alex Cesario, Hibbing, Minn., and Mrs. Steve Luko, Detroit; and one brother, Ralph, Virginia, Minn.

Friends may call at the Anderson Funeral Home after 4 p. m. today. Services will be held at the funeral home chapel at 10 a. m. Friday with Pastor George Olson of Calvary officiating. The body will be removed after the service to Range Funeral Home in Virginia where rites will be conducted Saturday afternoon. Burial will be in Cherry Cemetery in Virginia.

## Rags For Charity:

## North Escanaba Drive Saturday

The "Rags to Riches" drive renews its house-to-house collection on Saturday when a fleet of trucks manned by volunteers will make collections in North Escanaba starting at 10 a. m.

The Exchange Club and the Aqua-Nuts water ski club are sponsors of the campaign to raise funds to provide dental care for underprivileged children of Delta County, and to aid in financing the Day School for Retarded Children.

Several tons of rags have already been collected in the drive. Last Saturday the collection was on Escanaba south side. Many contributions also came from people in county communities.

North Escanaba residents are asked to prepare for the rags pick-up by tying the garments or rags in bundles or boxes and placing them at the curb or on the porch Saturday morning before 10 a. m. It is important to have them out for collection before 10 to avoid a return trip which would add to the cost of collection.

Removal of buttons and zippers from clothing would be appreciated, since this must be done in processing the garments for sale.

The fleet of a dozen trucks and their crews will reassemble in the Area High School

parking lot about 3 p. m. after the drive and will proceed in convoy down Ludington St. to the Olson Transportation terminal, the processing center.

A group of volunteers will be assembled there to cut, sort and pack the rags. Among the volunteers are members of the Future Nurses of America of Holy Name High School and the Boy Scouts.

The Exchange Club has scheduled a work bee for its members to be held Tuesday, April 14, at 7 p. m. at the warehouse. They are to bring a pair of scissors.

Persons who have rags to contribute after the Saturday collection drive are asked to telephone ST6-2992.

## Sports Show At Green Bay Rated Worthy Of Visit

The sports show in the Brown County Arena at Green Bay, Wis., was recommended to Escanaba Area persons today by Frank J. Russell, publisher of the Escanaba Daily Press.

"We have had the opportunity of previewing the Sports Show sponsored by WBAY-TV and FM," wired Russell, "and in our opinion it is one of the finest sport shows ever staged in a city of comparable size. It is being staged in the county-owned Arena adjacent to the Green Bay Packer Stadium.

"The show will last another four days. Anyone passing through the Upper Peninsula to Green Bay and Packerland will find the show richly rewarding. The profit will go to worthwhile non-profit organizations."

# Vacation Homes Delta Entry For Product Of Year

Delta County's entry in Region 2's Michigan Week contest for industrial product of the year is the Timber-Wall home manufactured by American Timber Homes, Inc., of Bay View. The firm is a subsidiary of Early American Fence Co., which started operations at Bay View in 1955.

Joseph L. Heirman, Delta County director of extension services for Michigan State University who is serving as Delta County contest chairman for Michigan Week May 17-23, announced choice of the Timber-Wall home today.

He said that entries in the Region 2 (Counties of Alger, Delta, Dickinson, Marquette and Menominee) would be judged at Marquette on Saturday. The winner goes on to judging in the state contest.

The presentation of Timber-Wall vacation homes, said Heirman, explains that the company spent 1961 in design, redesign and testing to produce a quality vacation home with minimum maintenance, ease of erection, and esthetic appeal which could be provided relatively inexpensively.

The first full year of production of the homes was 1963 and there was "gratifying acceptance of Timber-Wall homes by the market," said President John Walbridge. Sales in the second year of production were 500 per cent ahead of the first year and are now exceeding those of Early American Fence Co., the parent firm, being more than double the fencing volume, although the company's sales of fencing are substantially ahead of last year.

American Timber Homes employs 90 persons at present on production of its homes. The firm employs 120 persons in operations producing both fencing and homes.

Principal raw material is northern white cedar saw timber, which is a surplus wood in the Upper Peninsula. The U.S. Forest Service reports that 11,980 cords of cedar mature annually on government lands in the Hiawatha Forest and that only 2,900 cords are now being harvested. The firm draws wood from the entire Upper Peninsula and estimates that it creates work for more than two persons in the woods

for every one employed in its plant.

Most of the sales are outside Michigan so that Michigan is supplying materials for conversion by Michigan labor into a product shipped out of Michigan to bring money from all around the nation into the economy of the Escanaba Area and the Upper Peninsula.

A unique mill called "The Slaughterhouse" has been created at Early American's Bay View plant to process cedar for the Timber-Wall homes. It was designed by Glen Schoen, the company's millwright and constructed by the Chatfield Machine & Foundry Co. of Escanaba. It ingorges great quantities of cedar bolts and spews out components for the Timber-Wall homes.

Officers of American Timber Homes are Walbridge, E. C. (Ted) Fordney, executive vice president, secretary and treasurer; Robert Willey, of Chicago, vice president; James Kelly of Chicago, regional marketing director; and Aaron Stein of Escanaba, regional sales manager, are directors.

## Kenneth Anderson New Pharmacist At West End Drug

The West End Drug Store at 1221 Ludington St., has a new pharmacist. He is Kenneth E. Anderson, a graduate in pharmacy of Purdue University, LaFayette, Ind.

Robert Krohmer, West End Drug Store proprietor, in announcing Anderson's association with the store, said his employment augments the expert service of the prescription department. Anderson comes here from Plymouth, Wis., where he has been engaged in his profession for the past five years.

The Andersons, including their two children, David 3 and Patricia 5, reside here at 1414 1st Ave. S.

Mrs. Anderson is the former Carol Sherman of Menominee and the daughter of Mrs. Inez Sherman of that city.

General George G. Meade commanded the Union Army at the Battle of Gettysburg.

PLANNING DELTA COUNTY'S entries in the Michigan Week contests for industrial products and community achievement of the year for Region 2 today were: from left: President Richard Rinehart, Bay de Noc Community College; Hagle Quarnstrom, Delta County chairman of Michigan Week; Joseph L. Heirman, county contest committee chairman; and John Walbridge, president of American Timber Homes, Inc. (Daily Press Photo)

## Emeralds Get Cage Letters

MANISTIQUE — Basketball varsity and reserve letters were awarded at Manistique High School in a program Wednesday afternoon.

Richard Berger and Rudie Brandstrom presented the awards, with cheerleaders participating in the program. William J. Cook, athletic director, was in charge.

Second year awards were received by Carl Berger, Eric Blomquist, Kenneth Blowers, Tom Brawley, Jon Cameron, Steve DeRousha, Daniel Malloy and James McDonough and first year awards to Darryl Carlson, Mike Gray, Paul Harris and Richard Hoholik.

Receiving first year varsity awards were Tom Carlson, statistician and David Gilroy, student manager.

Reserve awards were received by sophomores Jerry Belleville, Ernest Haas, Douglas Nelson, Norman Saffer, Ernest Smith and freshmen David Barton, David Brooks, Leonard Cour-nava, Larry DeRousha, William McKilligan, Wayne Patz, and Phillip Villemure. Ronald Lynts, student manager also received an award.

## Pat Kennedy To Manage Kresge's Ironwood Store

P. A. (Pat) Kennedy, a leader of Escanaba's famed retailing community, will leave Escanaba next Tuesday for Ironwood to take over the management of S. S. Kresge Co., store there.

He has been manager of the S. S. Kresge Co., store here at 1104 Ludington St., for the past 15 years. Mrs. Kennedy and their children will not follow him to Ironwood until June.

The Kennedy children are Michael at Fort Leonard Wood, Mo., Pat, a student at Escanaba Area High School and Lynn, a Webster School student.

Kennedy, a native of Pied-

# Delta Entry In Achievements Is County College

Delta County's offering for Michigan Week community achievement of the year is Bay de Noc Community College.

The choice of entry was announced today by Joseph L. Heirman, chairman of the contest committee in Delta County for Michigan Week, May 17-23. The entry goes to the Region 2 judging at Northern Michigan University on Saturday.

A book prepared to present the college as Delta's bid for honors in this category of Michigan Week activities describes the community college as "supported by Delta County tax dollars and governed by a board of trustees elected at large from Delta County."

The studies that resulted in the creation of the college started in 1961 with interested citizens and the Delta County Board of Education appointed an action committee including Hagle Quarnstrom, Joseph Heirman, Arthur Slaughter and Charles Folio.

A study showed need for the college and the State Department of Public Instruction authorized an election in November, 1962 in which voters authorized the college, levied a one-mill tax for its support and elected a board of trustees, including James Dotsch, Char-

mont Kansas, joined the Kresge organization in 1931 at Kansas City, Mo. The Escanaba store has had a business gain every year of his management. Christened Percy A. Kennedy, he said, "Bill Warrington called me 'Pat' and it stuck."

First malleable nickel was produced by Joseph Wharton, of Philadelphia, Pa., in 1865.

## Briefly Told

Barbershop singers will meet at Carpenter's Hall this evening at 8. Lunch will be served.

The Delta County Camera Club will meet this evening at 7:30 at the State Office Building. Members will show colored slides taken during the fall and winter seasons. Members may bring guests.

There will be no clinic Friday at the Health Center, it was announced today. Regular Friday afternoon clinics will be resumed April 17. Clinics are scheduled for Tuesday, April 14, in the morning at the School for Retarded Children, and in the afternoon, at St. Anne's School.

Basically, rubies and sapphires are the same stone, corundum, a crystallized alumina second only to diamonds in hardness.

## Manistique Man, Dr. Waters, Fills Commission Post

LANSING (AP) — Dr. Duane Waters, Manistique, today was appointed to the Corrections Commission to succeed the late John Rice of Houghton.

Waters is a former Air Force captain and took his internship and residency at University of Michigan Medical Center. He has been practicing medicine in Manistique for 10 years.

Gov. George W. Romney appointed him to fill the unexpired term of Rice, which ends in 1967.

Romney also appointed Bay City businessman Ben Calvin to the six - member Mackinac Bridge Authority to succeed the late Mead Bricker of Detroit.

Calvin, 67, is chairman of the Bay County Republican organization and a member of the party's State Central Committee. Bricker's unexpired term ends June 30.

## Come Again?

E. William Henry, chairman of the Federal Communications Commission, in an address before the National Association of Broadcasters in Chicago Tuesday again took the opportunity to blast the radio and television broadcasters for what he termed "over-commercialization," by which he means too many advertising spots per hour of programming.

It is apparent that Mr. Henry has failed to study the statistics that are available to him in his own files. A substantial number of broadcasting stations during our recent period of national prosperity have failed to show a profit.

The FCC, over a long period of time, has practiced the tendency of issuing a radio license to almost anybody without proof of financial ability or operational integrity. This practice has served to dilute and fractionalize the listening audiences or viewing audiences in many parts of the country. The FCC has shown no evidence to date of reversing this practice.

While it is perfectly willing to issue new licenses to any Johnny-Come-Lately, the FCC, at the same time, proposes to restrict the amount of commercial advertising that is necessary to keep these stations in business.

We would like to call attention to the fact that there are only three radio stations operating in the highly populous and lucrative Green Bay market of Wisconsin. During the last several years, three radio stations have been endeavoring to survive in Marquette County, which is only a fraction of the size of the Green Bay market. WJAN, located west of Ishpeming, finally succumbed in a highly competitive market, despite the fact that it had the greatest audio coverage.

If Mr. Henry's theory of limited advertising commercials had been applied at the outset of WJAN's construction period, the station never would have been built.

Mr. Henry, and his advisers, should take a long hard look at their practice of indiscriminate licensing and the proposed theory of limiting station income. Both are contrary to the public interest.

## Harbor Improvement

The Chicago & North Western Railway's authorization of a \$1,300,000 ore dock improvement project in Escanaba is good news for the area. It will provide extra employment for months and upgrade one of the area's most important industrial facilities.

It has been hoped locally for years that the North Western would build a new ore dock here. The increasing volume of pelletized iron seemed at first to demand a new dock, but the current project indicates that the North Western doesn't intend to build a new dock right away. If it did it would make do with the old one instead of spending so much money to make it more efficient.

In the early 1920s there were four North Western ore docks in Escanaba and two Milwaukee Road docks, standing out into Little Bay de Noc like the fingers of a giant. In October, 1924 North Western Docks Nos. 3 and 4 burned. In the winter of 1924-25 it rebuilt above the waterline Dock No. 6, its present dock, which had been constructed in 1908.

This dock is 1,920 feet long and 70 feet high. It has 320 pockets with a capacity of 80,000 tons of ore.

North Western Dock No. 5, unused since the mid-1950s, was razed in 1962 and the Milwaukee Road had taken down its docks after entering an ore haul pool with the North Western in the 1930s.

When all the docks were operating in 1916 they moved a record volume of over 7 million tons of ore. But Old No. 6, which is now being cased with sheet steel piling so that its slips can be dredged below the bottom of its piling, moved more than 5 million tons of ore alone last year and will probably move even more this year.

The North Western told the Interstate Commerce Commission in 1958 that it proposed to build a new ore dock at an estimated cost of \$3.5 million capable of handling all the prospective new traffic in pelletized iron ore building on the Marquette Range if the Lake Superior & Ishpeming Railroad were denied the right to compete with it. The ICC decided in favor of the North Western.

The North Western has found that it can load the new pelletized iron with its old pocket type dock, but it has encountered a new problem. The lake carriers are getting bigger and deeper and the Great Lakes water level is declining. The result is that for several years the North Western has had to limit loadings at its Escanaba ore dock when it is putting iron ore into a big carrier. Even then some of them were on the bottom after they were loaded. Fortunately it is mushy and they're not endangered.

Here is a dollar and cents example of the expense of loss caused by falling lake level. This is why the State of Michigan gets so excited when the City of Chicago asks the U.S. Supreme Court to let it divert more water from Lake Michigan into the Chicago River to flush the city's sewage. The North Western Railway is spending \$1.3 millions because the water is so low at its Escanaba dock.

The dock project will bring immediate benefits. When one side of the big structure is sheeted, it will be dredged and the sheet drivers will move over onto the other side. The benefits of the deepening are expected to be available for much of the current shipping season.

The investment is an evidence of the North Western's intention to maintain the Port of Escanaba. The project comes at a time when the North Western is opposing a Soo Line effort to obtain a route from the Marquette Range to Little Bay de Noc and more directly overland south to Chicago. And it also comes at a time when the Upper Peninsula's rail system is fearful of major reorientation because of loss of the Mackinac gateway to the south. The end of railroad ferry service there is proposed and it would cut off inter-peninsula rail ties for the eastern Upper Peninsula.

## Look, No Hands!

## Washington Comment

By RAY CROMLEY

WASHINGTON — (NEA) — With the passive concurrence of the U. S. Treasury, a number of European and Asiatic countries have worked out a way to undercut U. S. producers in the American market, even when production costs are the same.

This unhappy story is especially pertinent as U. S. negotiators leave for Europe to get ready for a new round of tariff cuts.

American firms, naturally, are crying "foul." Representatives of affected U. S. companies have made private visits to President Johnson and U. S. Treasury officials to present their appeals, but to no avail.

Take the case of one Luxembourg steel producer as an example.

This firm sells its steel for a high price in Luxembourg and Belgium and for an even higher price in West Germany's regulated market. These markets are so heavily protected by tariffs and other barriers that U. S. firms can't compete.

This company makes enough money off these sales at home so that it can afford to sell its steel for whatever it can get in the United States and other world markets.

Example: the price this firm gets for steel pipe in West Germany is almost 170 per cent of the price it sells for in the United States.

Though high European tariffs and other barriers protect this producer in its local markets, U. S. tariffs are so low the

Luxembourg company can easily move into the U. S. market with its below-cost prices.

For example: European levies on American-made steel pipe are 8 to 17 times U. S. tariffs on European-made pipe.

The double standard for tariff and trade barriers is a result of U. S. tariff concessions made over more than two decades. They're aimed at helping war-hit countries get on their feet. Over the years U. S. tariffs on many imported steel products have been reduced by around 60 per cent.

In return for these heavy U. S. concessions, the European and Asiatic countries agreed to eliminate their hidden restrictions on U. S. imports, sometime. These promises were never carried out.

The double pricing is supposed to be illegal if carried to extremes. The U. S. Treasury is supposed to check up on such practices, penalize imports from countries which practice blatant "dumping."

U. S. government men, however, say they can do nothing in many cases. The foreign firms have found a loophole in the Treasury regulations.

These regulations specify there's "dumping" and a penalty if the firms that export to the United States sell a considerable amount of their product at home or abroad at prices markedly higher than they sell here.

But by forming combines which handle each other's products, the Luxembourg firms, for example, can arrange so that one, two or three companies will handle most of the high-price sales and another firm handle the cut-rate sales to the United States and other countries.

Then, on the surface, none of the firms have an extensive flagrant two-price system; some of the firms sell for high prices, others sell for low, but the combine—all of the firms—share the high profits from the sales in protected markets and share the losses from the cut-rate sales.

A Treasury man says: "What can we do in that case? Nothing, because obviously they won't admit to us they're a combine."

European firms are further aided by tax rebates on some exports. By international agreement, such rebates would be illegal for U. S. firms, even if the United States wanted to grant them.

Luxembourg and steel have been cited as examples. But this practice in one form or another has spread to a number of countries and products.

## BARBS

By HAL COCHRAN

We'll bet a lot of people would like to have one of those "Post No Bills" signs put on their mailbox.

You can lose your health getting wealthy and then lose your wealth getting healthy.

The average wife is not only weary, but quite spent after a day of shopping.

Don't always blame a teenager for running away from home—it may be the parents.

## Ask The Dentist

Q — Is there fluoride in food? A — Yes. Most foods contain at least a trace of fluoride and some have a relatively high fluoride content.

Fluoride in many species of salt water fish ranges from four to seven parts per million. Canned salmon tests out at more than eight parts per million and canned sardines more than 12 parts per million.

Fresh water fish have a lower fluoride content — about one and a half parts per million. Oysters and crab meat are in that range also.

Fluoride in milk averages around a tenth part per million. Dried skim milk powder of course has more — three to five parts per million.

Other foods contain the following amounts of fluoride, expressed as parts per million: Cocoa, one-half to two; egg yolk, one-half to one; apples, rice, corn, pork chops, about one; beef, one-fifth; wheat, two; dried spinach, dried liver, dried kidney, five to eight.

Note that wheat normally contains two parts per million. Milling apparently removes this, since biscuit flour is listed as containing no fluoride.

Moving into the "major leagues," dry celery leaves contain 77 parts per million; edible cooked bone, 300 parts per million; wheat grown in areas where the soil is rich in fluorides, over 200 parts per million.

Tea leaves are normally high in fluoride (40 to 65 parts per million), but tea leaves taken from fluoride-rich areas have tested over 1,700 parts per million.

Authorities estimate that the typical American diet contains fluoride in the amount of one-fourth to one-half parts per million. Adding one part per million to that which is already in our diet gives to forming teeth a much greater resistance to decay.

Q — One of my front teeth is abscessed. The dentist says it needs a root canal filling. I read in a magazine that leeches are used to clear up abscessed teeth. Where can I get this done?

A — To my knowledge, this leech procedure isn't practiced in Michigan. In most countries, advanced drug and surgical procedures have replaced the older leech and maggot methods of medicine.

In your case, leeches or any method of duplicating their work wouldn't be a permanent solution to your problem. The root canal of the diseased tooth must be cleaned and filled to eliminate the place where bacteria can "hole-up" and keep the abscess going.

## Family Of Eight All Under Six; Three Twin Sets

MINNEAPOLIS (AP) — The third set of twins for the James Strehlo family since early 1961 arrived Tuesday at University of Minnesota Hospital.

The two boys, 6 pounds, 4 ounces, and 5 pounds 10 ounces, bring the family to a total of eight children, all under 6.

Strehlo, caretaker of a cemetery in Mankato, Minn., said he and his wife, 32, had been hoping for girls, "but we don't really care as long as they're healthy."

The other twins are Angela and Paul born Jan. 4, 1961, and Daniel and Douglas, born Jan. 8, 1962. Other children in the family are Helen, 5, and Michael, 4.

## State Briefs Ann Landers

CADILLAC (AP) — Leslie Brunette, 26, of Fife Lake demanded examination in recorders court here Wednesday on a charge of involuntary manslaughter in a double traffic fatality. Judge Frank Miltner released him on \$1,000 bond pending the hearing April 15. Brunette is charged in the deaths of Mrs. Beatrice Paris, 51, and Charles Clewley, 29, both of Rogers City, after a collision Friday on U. S. 131 in Wexford County.

KALKASKA (AP) — The Michigan Fur Trappers Association has invited 200 buyers here Saturday to the sixth annual fur auction sale featuring beaver and other pelts. The association auction last year at Alden in Antrim County realized about \$6,000, spokesmen said.

KALAMAZOO (AP) — Dr. D. D. Gibbons, executive national chairman, says the Prohibition Party is going to make a new stab at qualifying a slate for state office by May 1. Dr. Gibbons said a drive to secure a required 14,900 signatures on petitions failed by April 1, thus washing out signatures obtained last October, but that a new campaign had been started. Signatures must be submitted within six months after they are secured.

KALAMAZOO (AP) — Dr. H. Gardner Ackley, a member of the President's Council of Economic Advisers, said in a Tuesday night speech here that projected figures indicate unemployment should fall below five per cent nationally this year for the first time in 77 months. He spoke before the Kalamazoo Management Association, predicting more jobs and a growing demand for goods.

DETROIT (AP) — Willie Stanfield of Detroit, an employee of Greenfield Construction Co., was electrocuted Wednesday when he accidentally touched a 440-volt power line while working in a sewer in near downtown Detroit.

CASS CITY (AP) — School Superintendent Willis Campbell is retiring July 1 after 22 years in office and 43 in the school system. He will be succeeded by Principal Donald Crouse of Grand Rapids Forest Hills High School.

## The Doctor Says: Dangerous Drug Has Benefits

By Dr. Wayne G. Brandstadt.

Lysergic acid dimethylamide (LSD) is a dangerous drug which may cause temporary or permanent brain damage. Like many other dangerous drugs it may have beneficial effects when properly used.

In the treatment of certain persons with mental disease some good results have been reported. It is unfortunately of little help in treating schizophrenia (split personality disease), the commonest of all mental illnesses. But in some alcoholics, some depressed persons with suicidal tendencies and some persons with severe neuroses of long standing, the results have been promising.

In another study, a group of 300 patients with far advanced cancer, who were suffering from extreme pain, were given this drug. The effects were startling.

After they had been given a dose of a morphine derivative and the relief had worn off in two or three hours they took a small dose of LSD. Some of these patients did not complain of pain for two weeks. The strange thing was, however, that when they were asked whether they had pain during that time, they admitted that they did but that it did not matter. They were preoccupied with other sensations that they believed to be more important than pain.

Another result that puzzled the doctors was that when the pain returned most of the victims were not interested in taking the drug again. Some gave as a reason that the drug made them think so much they couldn't get their rest. The doctors are now hoping to find a drug that is closely related to LSD that will relieve pain but will be more welcome by the sufferer.

Q — What would cause me to have double vision? Is there any cure for it? A — A double image may be seen with a single eye due to a dislocation of the crystalline lens, irregularities of the cornea, partial detachment of the retina and other causes. Most frequently the double image is seen only when both eyes are open. This occurs normally when you hold a finger in front of your eyes and look into the distance. Conversely, if you look at your finger, a candle on a table six feet away will appear to be double. It also occurs normally if you rub one eye hard with both eyes open.

If your double vision does not fit these descriptions, it may be due to a paralysis of one of the muscles that control the movements of the eyeball. Only when the cause has been determined can appropriate treatment be prescribed.

## Dump Husband After 25 Years?

Dear Ann Landers: From the beginning of our marriage my husband has been restless, shifting from one job to another. Karl has taken night school courses, correspondence courses and what have you—never finishing anything. I have lost count of the jobs he has had in the last 25 years.

Karl has a pleasing personality and a great many friends, but I resent having had to work from the day we were married. There were times when I carried the total burden because Karl was "between positions." This never seemed to bother him.

Our children are grown and on their own now. What I want to know is this: "Do you feel I should insist that Karl make a success of something and take care of me as other husbands do—or should I leave him and make a new life for myself? We are now going through one of those periods when I am working and he is not—OYSGASHPILT

Dear Oys: No man ever made a success of something because his wife insisted on it.

Your letter gives me the creeps. No woman is a prize who would consider dumping her husband after 25 years because he hasn't been able to make a success in business.

I don't know what you envision as "a new life for yourself" but of this I am sure—Cary Grant isn't waiting for you, Doll.

Dear Ann Landers: I have a close friend who baffles me. I'm never sure of the kind of greeting I will get from her. It ranges from ice cold to hugs and kisses. This has been going on for years.

Sometimes I think she is mad at me for something I said or did and I can't figure out what it could be.

Her reactions are so unpredictable she makes me nervous. Now I dread running into her.

You seem to be the lady with all the answers. Do you have an answer to this one?—FROZEN EMMA

Dear Emma: I know the type. One day they fall on your neck as if you were a long-lost relative.

The next day you get a chill like you are coming down with malaria.

These swings are symptoms of a sick personality. Don't take it personally. YOU don't have a problem, your friend does.

Dear Ann Landers: My sister started college last fall and everyone in the family looks forward to her letters. Yesterday she wrote about a mixed pajama party—for both boys and girls. Yes, they actually wear pajamas. Instead of chairs, mattresses are provided—in keeping with the theme. My sister didn't attend such a party but her friend did.

The sororities sponsor these mixed pajama parties according to my sister. They are becoming very popular.

My folks are shocked, and frankly, so was I. It seems to us that no respectable girl would attend such a party. Am I square and out of date at 23? I can scarcely believe it. Please tell us what you know about this. Can it be that things are moving THAT fast? We'd like to know.—CHICKIE

Dear Chick: Sorry, but I don't believe sororities sponsor mixed pajama parties.

If I am uninformed I'd like to know. May I hear from my college readers? How is it where YOU go to school?

Ann Landers' frank and informative new book, "Teen-Agers And Sex" (2.95), is available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

## Questions And Answers

Q—Which is the nation's largest National Monument? A—Katmai National Monument, Alaska — 4,125 square miles.

Q—Did Robert H. Harrison serve as an Associate Justice of the U. S. Supreme Court?

A—Harrison was nominated, confirmed by the Senate and commissioned as an Associate Justice. There is nothing affirmative to show that he ever accepted the commission or took the oath.

## Vote Proposed On State Bird

LANSING (AP)—A proposal to end the robin's 33-year reign as the official state bird of Michigan, replacing it with the Kirtland's Warbler, has been introduced in the House.

Rep. Raymond Baker, R-Berkley, sponsored the resolution which notes that the Kirtland's Warbler is unique to Michigan, whereas the robin is not.

"Thousands of persons travel each year to Michigan to see and hear the Kirtland's Warbler in the jackpine forests where lives, and to photograph this friendly bird," says the resolution.

It notes further that only about 1,000 of the species exist in the world, nesting only in Michigan, and the world's only monument to a songbird, honoring the Kirtland's Warbler, stands in Mio in the Huron National Forest.

The Robin was designated Michigan's state bird by legislative resolution in 1931.

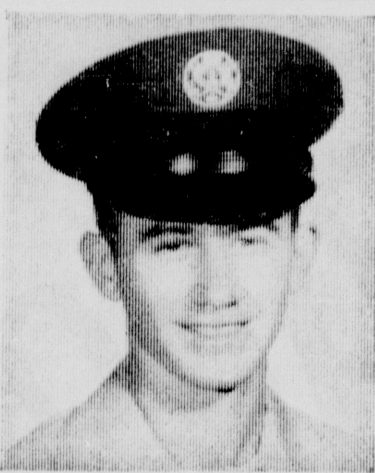

**First Spaceman Gets Desk Job**  
MOSCOW (AP)—Uuri Gagarin, the world's first spaceman, has been given a desk job. The official military newspaper Red Star announced today that Gagarin will head its new "cosmonauts desk." Red Star didn't indicate whether Gagarin would work at the job full time.

## Isabella

Mr. and Mrs. Ott Ladd have returned to Stevens Lake after spending the winter in Florida.

The 12 Belles Bunco Club met Tuesday afternoon at the home of Mrs. James Krutina. Awards were won by Mesdames William Nedau, Herbert Blowers, Arthur Larscheid, Neil Selcik and Raymond Neadeau. Mrs. Larscheid will be the next hostess.

The Cooks and Isabella cribbage playoffs were won by Cooks Tuesday night.

AIRMAN Ronald L. Cass, son of Mr. and Mrs. Vern Cass Sr. of 221 N. 9th St., has returned to Mechor Air Force Base, Wash., after spending a leave with his parents here. He left Friday. He is a 1963 graduate of Escanaba Area High School and entered the Air Force last June.

## Moslem Leader Freed In India After 11 Years

NEW DELHI, India (AP)—Sheik Mohammed Abdullah, Moslem leader of the independence movement in Kashmir State, was set free after 11 years of imprisonment by Prime Minister Nehru's government.

Abdullah, the "Lion of Kashmir" who had been prime minister of the state until Nehru integrated it into India, was released in the town of Jammu, in the southwestern section of Kashmir, the government radio said.

Also set free were 13 other men arrested in 1953 on charges that they worked to break the state away from India and join it with Moslem Pakistan or to form an independent state.

A huge cheering crowd welcomed the 14 freed men, throwing garlands around their necks and shouting, "Long live Moslem-Hindu unity," the radio said.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than for all television spot announcements or radio advertising.

## Billboard Bills Die In Lansing

LANSING (AP) — The last of the 1964 billboard bills died in the Senate Appropriations Committee Tuesday.

One, sponsored by Sen. William Milliken, R-Traverse City, and 16 other senators, would have set new regulations for billboards in scenic areas.

Another, by Sen. Kent Lundgren, R-Menominee, and four other senators, would have required permits for billboard firms and set fees to be paid to the state for each billboard in use.

Both bills had bipartisan sponsorship and were reported favorably out of the Senate Committee on State Affairs, but were sent to appropriations because they contained spending clauses.

Along with dozens of other bills, they fell victim to the Tuesday deadline for action by appropriations committees in each house for bills originating in the same house.

Earlier in the session, a bill by Rep. Joseph Gillis, D-Detroit, to regulate billboards on interstate highways, died of inaction in the House State Affairs Committee.

## Rainbow Opener Isn't The Best In Mid-Peninsula

The past weekend saw the early opening of the special rainbow and brown trout season in the Delta-Marquette-Alger counties area, but success was not of the best. The Chocolay River in the Marquette area was probably the best producer with some 50 rainbow taken by about 150 anglers.

Ice conditions prevailed in most streams and will probably continue through the next week. Lake Superior streams open to early fishing in this area are:

Alger County: Rock River down from D.S.S. & A. Railroad bridge in Sec. 22, T47N-R21W; Sand River down from the west line of Alger County in Sec. 7, T47N-R22W; Laughing Whitefish River down from Highway M-28 bridge on Sec. 3, T47N-R22W.

Marquette County: Carp River down from a point 1,000 feet above mouth; Chocolay River down from Highway M-28 in Sec. 8, T47N-R24W; Big Huron River; Iron River.

## National Forest Timber Sale

**MANISTIQUE RANGER DISTRICT HARVEST AREA**

Sealed bids will be received by the Forest Supervisor, U. S. Forest Service, Escanaba, Michigan, up to 2:00 P.M. (EST) May 20, 1964, and will be opened immediately thereafter for all live timber marked or designated for cutting and all merchantable dead timber located on an area of approximately 556 acres in Sections 5, 6, 7, 8, and 9, Township 44 North, Range 17 West, Michigan Meridian, Hiawatha National Forest. No bid less than the minimum rates shown below for each species and product will be considered. The estimated volumes and minimum rates are: 1850 cords Aspen & Paper Birch pulpwood at \$1.00 per rough cord (of this, 98% is Aspen); 400 cords Balsam Fir pulpwood at \$2.60 per rough cord; 75 cords Spruce pulpwood at \$7.05 per rough cord; 240 cords Cedar Posts 7 & 8 foot by 2-inch and up tops, D. I. B. at \$1.00 per rough cord; 27 MBM Yellow Birch sawtimber at \$36.00 per MBM; 70 MBM Sugar Maple at \$15.40 per MBM; 17 MBM Red Maple sawtimber at \$13.55 per MBM; 35 MBM Mixed Hardwood sawtimber at \$12.45 per MBM. In addition there is within the sale area, an estimated 450 cords Hemlock pulpwood and 380 tons Hardwood Chemical wood, the cutting of which is optional and shall be required or permitted only upon written agreement between the purchaser and the Forest Service at \$0.50 per rough cord for Hemlock pulpwood and \$0.19 per ton for Hardwood Chemical wood. The above stumpage rates include deposit for sale area betterment. A deposit of \$200.00 in the form of a certified check, bank draft, cashier's check or money order must accompany each bid to be applied on the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. Bids submitted without the above form of deposit will require rejection of the bid as unresponsive. A bond of \$500.00 will be required. The right to reject any or all bids is reserved. Before bids are submitted, full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger at Manistique, Michigan, or from the Forest Supervisor, U. S. Forest Service, Escanaba, Michigan.

# Steam Locomotives Are Fascinating Relics Now

The far away music of a steam locomotive whistle is a fast-fading memory in most parts of the nation but in several Michigan areas, vibrant, optimistic notes may still be heard.

Steam railroading is staging a comeback as a big-brother attraction to the dozens of miniature lines which have enchanted visitors for years.

Two full-scale common carrier companies have recently been organized in Michigan primarily as sight-seeing lines, according to the Michigan Tourist Council.

One of the new lines winds along the rugged shore of Lake Superior in the Upper Peninsula, the other winds through heavy forests and along inland lakes in the western Lower Peninsula.

Railroad buffs have organized the Marquette & Huron Mountain Railroad Co., and the Cadillac & Lake City Railroad. The Cadillac & Lake City line is awaiting approval of the Interstate Commerce Commission to begin operations. The Marquette & Huron Mountain has been approved and is readying its equipment and tracks for the influx of spring and summer visitors.

The Marquette & Huron Mountain Road has purchased 11 steam locomotives to service its route which runs between Marquette and Big Bay along the Lake Superior shore. Passenger coaches from the

turn of the century will transport sightseers along the 25 mile route. The locomotives are big 2-8-0 Consolidation types, weighing from 250,000 pounds to more than 400,000.

Eventually, according to John A. Zerbe, spokesman for the company, the project will feature special recreational tours, ski tours for winter sports fans, a railroad museum, restaurant and terminal facilities. An interesting innovation is a railroad fan club that will allow members to ride in the locomotive cab while qualifying as a full-fledged railroad fireman.

Three Michigan men have purchased the Missaukee Branch of the Pennsylvania Railroad and are awaiting Interstate Commerce Commission approval before beginning operation as the Cadillac and Lake City Railroad.

Much of the line's roadbed winds through the Houghton Lake State Forest and along the shoreline of Sapphires, Round and Missaukee lakes. A 70-ton Mikado-type locomotive has been acquired and several other engines will be added to provide tourist and freight service.

Clifford Lenten of Lansing, one of the organizers of the Cadillac & Lake City Railroad, claims that the two Michigan railroads are the only common carrier steam lines in the Midwest.

In addition to these large-gauge companies, there are a number of miniature railroads in Michigan, some that use steam locomotive power.

The most extensive system is the one that has been transporting visitors since 1908 around the grounds of House of David Park at Benton Harbor. The first locomotive was purchased, but subsequent ones have been specially designed and constructed.

Three locomotives, each developing a 200 pound head of steam, easily draw ten cars loaded with eight adults. The trains operate over a one-mile track that has a complete electric crossing signal system. Three other engines are ready for assembly in the colony shops.

The Huron National Forest near Mio echoes the shrill tones of a quarter scale steam locomotive built and operated by E. Carrington Eddy. Eddy built the train to haul lumber to his saw mill but has added refinements such as a station, trestles, water tower, tunnel, switching equipment and open passenger coaches.

At first, the passengers were friends and neighbors, but now of the little railroad spread, and now the majority of Eddy's passengers are tourists who enjoy the lectures on wildlife and lumbering that are given during the 25-minute ride.

A 4-4-0 coal-fired miniature steam engine, built by Wagner & Sons of Plainville, Ill., is

operated by the Dobson Moving Co., on wooded property fronting on the old Au Sable River, five miles south of Oscoda. The 15-foot locomotive runs on track 14 1/4 inches wide and pulls two cars that can carry 24 adults or 36 children.

Two of the most famous miniature operations in Michigan are at the Detroit Zoo in Royal Oak and at Clinch Park in Traverse City. Both of these lines operate with "diesel-type" engines pulling open cars over narrow tracks.

There are a number of rail exhibits, miniature railroads and museum displays throughout Michigan which feature steam locomotives. The old "iron horses" are things of wonder for children and nostalgia for adults.

THE SOO LINE RAILROAD gave this locomotive to the City of Gladstone and it is on permanent display there, a reminder of the era before diesel power when the iron horse was steam-powered.

## Hanna To Vote On Share Split

CLEVELAND (AP) — Hanna Mining Co. says it has approved a proposal to split the company's common shares on a three-for-one basis. The proposal will be presented to the stockholders at the annual meeting here May 5.

The company also said it intends to increase the quarterly dividend rate from 60 cents to 75 cents a share on the basis of existing shares. The new rate would be the equivalent of \$3 a share annually on the shares before the split. The company paid \$2.10 a share last year. Hanna lists 1,430,165 shares outstanding, including 5,050 treasury shares.

LUDINGTON (AP) — Plans for a proposed \$500,000, three-story motel with dining facilities

## Thieves Snatch \$100,000 Gems

MIAMI, Fla. (AP)—Jewelry valued at \$100,000 was stolen Tuesday from the apartment of tobacco heir Richard J. (Josh) Reynolds, whose Doberman Pinscher watchdog was in a hospital for a tonsilectomy.

The daylight burglary occurred at the exclusive Racquet Club where gunmen slugged actress Eva Gabor and robbed her of \$25,000 in diamonds three months ago.

Reynolds and his wife discovered the burglary when they returned home about 6 p.m. Reynolds said only two pieces, valued at about \$15,000, were insured.

and cocktail lounge come before the city commission in a public hearing May 4 on a rezoning request. The request was filed by Raymond Pappé who plans the development on the site of his former buildings destroyed by fire here recently.

## Boost Proposed In School Aid

LANSING (AP) — An administration-backed bill to revise the state school aid formula, with an enrichment of \$14 million, was reported out Tuesday by the House Ways and Means Committee.

The bill calls for increasing the level of state aid to school districts from \$224 to \$234 per student, at an estimated cost of \$10 million.

The total cost of the bill would be \$374 million.

At the same time, it proposes to increase the deductible millage factor used to determine aid to districts on the basis of their relative wealth from 3 1/2 mills to 4 1/4 mills.

The bill carried recommendations for an additional \$3 million for special education purposes, \$6 million for aid to distressed districts and \$2 million for school transportation costs.

Eight out of every 10 single, detached homes built in the United States in 1963 were of frame construction. A five-room frame house, for instance, uses about 9,500 board feet of lumber plus 1,700 square feet of plywood.

# Long-Sought Bronzes Dug Up In Holy Land

By DAVID LANCASHIRE

JERUSALEM (AP) — A massive stone staircase leading to a lost city 5,000 years old—a set of bronze dishes belonging to a jeweled skeleton—a crude mummy unlike anything found before in the Holy Land—these discoveries may lead American scientists to a new link with the great temple of King Solomon in the Old Testament.

Archaeologists led by Dr. James B. Pritchard of the University of Pennsylvania have struck it rich in the Jordan River Valley, where they have excavated a mound of ruins

70 feet below sea level, looking for remains of Solomon's sacred temple vessels. "This was a big metropolitan city," says Pritchard, speaking of the sloping mound of rubble at Sa'diyeh, near the green banks of the river 70 miles northeast of Jerusalem.

"In the Iron Age, about 3,000 years ago, it had a technological culture far more advanced than Jerusalem. We don't know its name, but it could be the city of Zarethan in the Old Testament," he adds.

The Bible's Book of Kings says Solomon had the bronzes for his fabled temple at Jer-

usalem made in the Jordan Valley between Succoth and Zarethan, but archaeologists have never before found pieces of the bronzewear.

Pritchard's team, which began work New Year's Day in the biting wind and chilly rains of Jordan, unearthed the long-sought bronzes within weeks. Digging with a crew of 150 Arab laborers, they found the twisted remains of a large bowl, and then discovered a bronze sword, a perfectly preserved dish the size of an LP record, a mirror of bronze, a metal tripod and other implements.

The search turned up more spectacular finds in the mound, revealing it as a layer cake of ancient cities.

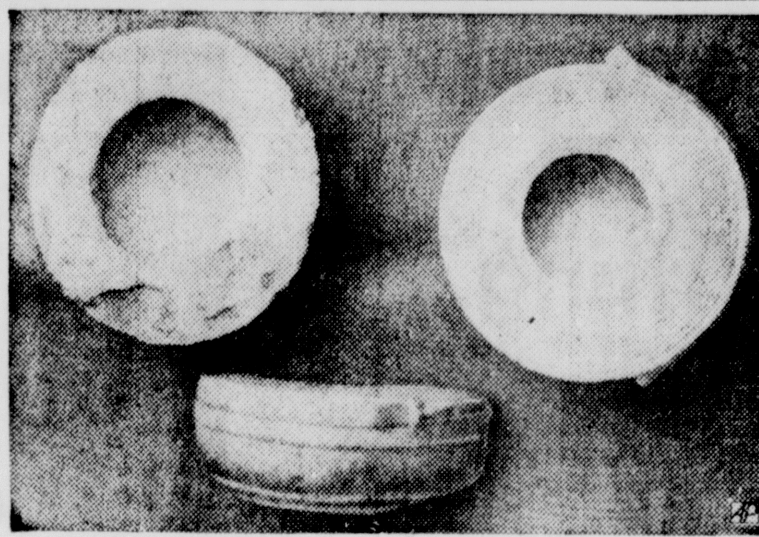

Atop the hump, scattered with shreds of ancient pottery, runs the foundation of a 24-foot-thick casemated wall, built around an Iron Age city about 3,000 years old. The city was destroyed about 900 years before Christ, but the house walls are still there, ashes still filled the red pottery ovens, and grains of wheat were preserved in a bin.

Twelve feet beneath the city, workers found floors from houses built 5,000 years ago, and Pritchard believes when the mound is cleared down to that level next year, even older ruins may be revealed.

Down the hillside, diggers struck the stone steps of a huge staircase leading to a spring below. Once roofed over and camouflaged, the concealed stairs allowed townspeople to bring in water unseen, meaning the city could withstand a siege for months.

West of the walls, Pritchard's workers uncovered an Iron Age cemetery from about 1,200 B.C., and what Pritchard calls "the most elaborately furnished tomb of this period ever found in Jordan."

In it was the skeleton of a wealthy lady Pritchard says may have been a queen. She wore more than 10 feet of necklaces—670 orange carnelian beads and 72 gold beads. Beside her were four ivory boxes and cosmetic bowls, with Egyptian designs, and a mirror. Fastened to her neck was a silver chain, and on her

HAPPY FIND—Like-new cosmetic jars found in a tomb in a 3,000-year-old cemetery reveal a sophisticated ancient culture. A bronze dish, with riveted handles, and other bronze vessels found in a wealthy lady's tomb are probably the same type as the sacred vessels used in Solomon's great temple. American archaeologists are delighted at having found them.

breast lay two bright silver toggle pins and two silver plates.

"Now that we have found gold we have had to put a guard on the cemetery, and the site will have to be guarded until we start digging again next winter," says the Rev. John F. Huesman, a Jesuit priest from Alma College in Los Gatos, Calif., a member of the expedition.

Another tomb held a skeleton coated with bitumen from the nearby Dead Sea, showing a crude attempt to imitate an

Egyptian mummy. The corpse carried a small bronze sword.

From two scarabs bearing Egyptian seals, Pritchard concludes the city may have been sacked and burned by the troops of Pharaoh Shishak, whose records in Egypt brag that he wreaked havoc in the Jordan Valley about 916 B.C.

"This is the largest mound in the Jordan Valley—more than twice as big as the one at Jericho—and may turn out to be a richer find than Jericho," Pritchard says. "In terms of objects of wealth discovered, it

already is the greatest.

"But the bronze is the important thing. You can take the gold beads and the silver pins, but I'll take the bronzes," says Pritchard, who puffs a pipe and wears an Arab sheep-skin vest while he works.

"These are probably the best indication we have to date of the type of bronze workmanship that was used in the temple of Solomon. It will be shown to schoolchildren for years."

The theory that Solomon's bronzes came from the area was developed by Dr. Hendricus Franken of Leiden University, a Dutch archaeologist who has been digging for four years at a mound a few miles from Pritchard's. So far Franken has found ancient furnaces for making bronze, but no finished products.

Pritchard, 53, a tall, gray-haired Bible expert who has

spent the last four seasons uncovering the Biblical city of Gibeon near Jerusalem, has been digging off and on in the Holy Land since 1934. He is so accustomed to dealing in centuries that he has trouble remembering his own age.

When not shoveling in Jordan, he is curator of Biblical archaeology at the university's museum, and a professor of religious thought.

With him on the diggings are Father Huesman, who has shed his priest's clothes for a plaid shirt, Dr. Robert Smith of Wooster College in Ohio, Thomas McClellan of the Lutheran Seminary at Gettysburg, Pa., Gustav Materna, a German draftsman from Frankfurt, Jacques Lagarde, a French student from Jerusalem, British artist Terry Ball of London and five Jordanian experts from the government Antiquities Department.

## NOTICE TO BIDDERS

Sealed proposals will be received at the office of the Alger County Road Commission, Munising, Michigan, until April 20, 1964, at which time and place they will be opened as follows:

At 10:00 o'clock A. M. EST for one new or used Roller  
At 10:30 o'clock A. M. EST for one Motor Grader  
At 11:00 o'clock A. M. EST for one Front End Loader  
Specifications may be obtained at the office of the Alger County Road Commission at Munising.

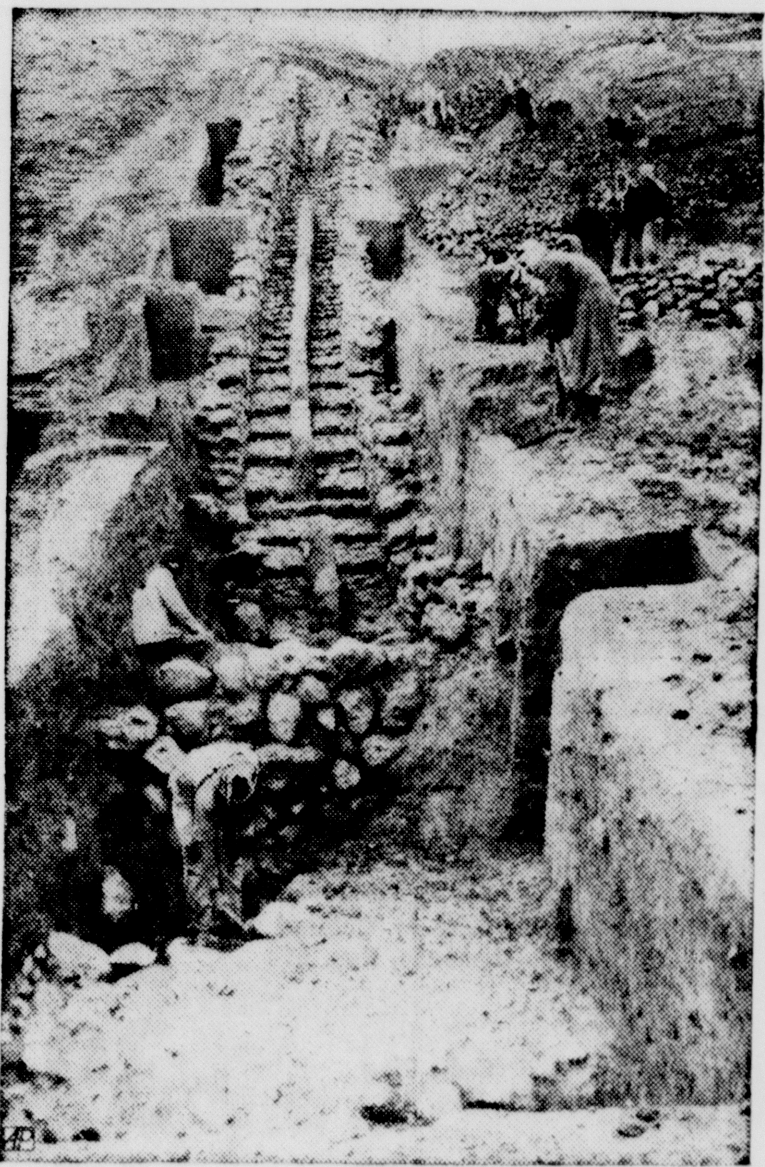

The right to reject any or all proposals is reserved by the Alger County Road Commission.

ALGER COUNTY ROAD COMMISSION

By RAY ADAIR, Chairman

JORDAN VALLEY DIGGINGS—While an Arab workman examines pottery jugs of an ancient people, others carry away dirt in baskets made from old rubber tires. They are working on the floors of houses destroyed about 900 years before Christ, perhaps by troops of Pharaoh Shishak, an Egyptian conqueror.

MASSIVE STONE STAIRWAY, unique in Jordan's archaeology, is about 3,000 years old. It leads from remains of an ancient city's walls to a spring beneath. Down the center runs a mud brick wall which once held roof and camouflage, so water carriers could not be seen or attacked in time of war.

## Women On TV Become Idiots

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—"Women are being made to look like absolute idiots by television," said Betty Furness, "and I think it is a very serious situation."  
Miss Furness, who quit her position as TV's top saleswoman a few seasons back to return to other performing areas and now has a daily CBS radio network show, points sadly to the situation comedies and to the commercials.  
"It's like a battle of the sexes, with nothing to gain for the women. I have never caught a television show in which a woman was trying to be darling to her husband except 'The Dick Van Dyke Show.' It is almost as if the people at the top of the pyramid had decided to degrade women and never to let them be seen as real people."  
Miss Furness says that she is "deeply offended" by commercials showing attractive girls "who can't even keep their houses clean."  
"They constantly suggest that the American woman is totally incapable of doing the simplest household chores and they have them learning from men—repairmen and even delivery boys. Calvin has cleaned just about every sink in America and it is ridiculous. Imagine

## Son Of General MacArthur, 26, Prefers Writing

NEW YORK (AP)—As a boy of 4, Arthur MacArthur knew the bombs and shells of the enemy. His childhood was filled with war.  
And his friends say he never aspired to the military footsteps of his fathers and grandfather, both winners of the Medal of Honor.  
Dr. John W. Alexander, associate dean of Columbia College, remembers him as a young man with "a good mind and a facility for writing."  
Now 26, the only son of General of the Army Douglas MacArthur has again become a familiar figure to the public, a darkly handsome young man attentively at the side of his mother during this week of grief.  
He first became familiar in a grocery delivery boy teaching a middle-aged woman how to clean her kitchen floor.  
Central America's Lake Nicaragua is the world's only lake in which sawfish, sharks and tarpon may be found in fresh water.

## Draft Calling 457 For May

LANSING (AP) — Michigan draft boards will furnish a total of 457 inductees for the Army in May, it was announced by State Selective Service headquarters.

The average age of those called will be 21 to 22 years.

Counties which will furnish the men include:

Chippewa 2; Delta 4; Dickinson 2; Gogebic 6; Marquette 1; Ontonagon 2.

## Michigan Mission To Fair Big Job

Making reservations for your own round trip to New York by plane, a hotel and a few items of entertainment is a fairly small problem, but multiply it by 1,000 and you have a king-sized task to work out. If you doubt it, ask Wesley R. Baker, executive assistant of the S. S. Kresge Co., Detroit, and Fred Graczyk, Schuler restaurant manager from Jackson.

Baker has the job of finding planes to transport approximately 1,000 Michigan business, labor, industry and education leaders from Michigan to New York for Michigan Day at the World's Fair on May 18. The carriers are doing a lot of juggling to bring the needed planes to Detroit from all over the country.

Planes will leave Detroit on Friday, Saturday and Sunday preceding Michigan Day, but all have to get back to Detroit on Monday night. Then Baker's job will be over.

But Do A Big Job

MEMBERS OF THE College Bowl team from Michigan Tech, Houghton, are using every spare moment to prepare for their forthcoming appearance on national television. Team members are: Ray Ganga, son of Mr. and Mrs. Antonio Ganga, Iron Mountain; team captain Bill Massey, Birmingham, Mich.; Byron Boyd, son of Mr. and Mrs. G. W. Boyd, Houghton. Ganga is a senior majoring in metallurgical engineering; Massey, who was captain of the Tech varsity basketball team last season, is a senior in mining engineering; Boyd is a freshman mathematics major; and Weber a senior chemistry major. The team will appear on NBC's GE College Bowl program Sunday, April 12, at 5:30 p.m. EST.

### Curtis

#### Birth

Mr. and Mrs. Arthur Nicholson born March 24, who has been named Dawn Bernadette. Mrs. Nicholson is the former Beverly Bondi.

Word was received of the birth of a son, Brad William, to Mr. and Mrs. Richard Brow of McMillan, March 22. Mrs. Brow is the former Beverly Downing. Mr. and Mrs. George

Lauer of Curtis are great grandparents.

#### Fish Hatchery

The Curtis Fish Hatchery is nearing completion. It is being built and financed by Manistique Lakes Association under supervision of the Conservation Department for the propagation of walleyes.

ENSIGN

## Students Name City Officers

The student-elected city council, in preparation for takeover of local government May 18 in a Michigan Week project, met at Manistique High School and appointed John Doyle, city manager; Patricia Berger, clerk; Robert Bontekoe, public safety director; and Clifford Cool, assessor.

The four councilmen named by students to their county board of supervisors were Mike Christensen, Sue Bosanic, George Lesica and John Sellman.

Appointment of county officers, such as welfare director, school superintendent, and tax manager, will take place Tuesday night during the students' open house. The session begins at 7:30 p. m.

Cooks and Seney have been invited to send high school representatives to serve on the county board, so full county representation by the students will be provided.

The project is one of the class in American government at Manistique High School, with J. L. Giovannini as instructor.

## Elkettes Plan Dinner Party

The newly-formed Elkettes will hold their first dinner party Tuesday, April 21 at 7 p. m., in the Elks Temple.

The committee in charge consists of Mrs. Nalbert Gerber, chairman and Mesdames John Moffat, Clayton Riley, William Blowers, Harold Bowman, Lowell Varvil, A. W. Cockram, Archie Carpenter and Edward D. Leonard.

Mrs. Merle Wehner is chairman for decorations and is being assisted by Mesdames Jack Williams, David Heinz and Edward Mathson.

The party is for Elkettes and their husbands.

## Hospital

Patients admitted to Schoolcraft Memorial Hospital are Evelyn Patzer, Engadine; Fred Hastings, 200 N. 1st; Christopher Jacobs, Gulliver; Sister Fabiola, 220 Lake; and Arthur Anderson, 646 Manistique Ave. Discharged were Frances Kaiser, Edith LaVake, Elizabeth Nelson and Terry Selling.

## MANISTIQUE

MRS. BARBARA S. MORDY, Ann Arbor, announces the engagement of her daughter, Joyce L. Mordy to Edwin L. Carlson Jr., son of Mr. and Mrs. Edwin L. Carlson Sr., of Manistique. A summer wedding is planned. (Mincoff Photo)

## Personals

Mr. and Mrs. J. L. Giovannini are in Kalamazoo to attend the annual two-piano recital of their daughters, Dorothy and Gerry, at Western Michigan University. Dorothy teaches in Battle Creek and Gerry is a senior this year.

## Births

Mr. and Mrs. Paul George Hough, 726 Park Ave., are the parents of a son weighing 7 pounds, 11 ounces born April 8 in Schoolcraft Memorial Hospital. Mrs. Hough is the former Carol Peterson.

## Rabies Clinics Are Scheduled

Rabies animal clinics have been arranged by the Alger-Schoolcraft Health Department for Schoolcraft County with the first scheduled Saturday, April 11 from 2 to 5 p. m., at the Manistique water tower building near the siphon bridge.

Licensing and rabies vaccination are mandatory in Schoolcraft county for dogs three months old and over. Proof of vaccination within the 12 months preceding the date of application for license shall be deemed in compliance, if 1-year vaccination was administered and proof of vaccination within two years preceding date of application for license, if modified rabies virus of chick embryo origin was used. All dogs not properly vaccinated are subject to destruction.

The clinics, arranged for convenience of pet owners and to minimize vaccination cost, will be conducted by Roger P. Seidl, DVM of Escanaba and Paul Boyer, DVM of Curtis.

Dr. Boyer will also vaccinate animals April 18 from 10 a. m. to noon at Germfask and Dr. Seidl will conduct clinics at Hiawatha Maple Grove School from 1 p. m., April 25, and 4 to 6 p. m., April 25 at the Inwood Township Hall in Cooks.

The cost is \$2 per animal. Owners will have opportunity to obtain dog licenses at the clinic locations. If license application is made before May 1, the license fee is \$1 for each male dog or unsexed dog, and \$2 for each female. If the application is made on or after May 1, the application must be accompanied by \$2 for each male or unsexed dog and \$4 for each female dog.

Dr. R. A. Tearnan, director, states the department is hopeful every dog owner will assume responsibility for having his animal vaccinated and licensed as required by law. Cats and certain other animals also should be vaccinated for prevention of the spread of rabies.

Prevention is an absolute necessity because once rabies develop, the disease is nearly always fatal. There are no known exceptions.

The rabies control program, he said, is designed to prevent spread of the deadly disease, but its success depends on cooperation of the public. Pet owners may be assured all possible precautions have been taken the safeguard their animals, he added. Dr. Charles H. Cole, veterinarian with the Michigan Department of Agriculture has been asked to review the program arrangements and responsible veterinarians are administering the vaccine.

## Social

**Circle Meets**  
St. Rita Circle met at the home of Mrs. Dale Ott with Mrs. Leonard Harbick assisting. Plans were made and committees assigned for a rummage sale May 1 and 2. Prizes were awarded Mrs. Dell Bruley, Mrs. Ossie Smits and Mrs. Richard Brinker. A special shower gift was presented Mrs. Robert Hawn and Mrs. Brinker. The next meeting in May will be at the home of Mrs. Milton Ketick with Mrs. E. H. LeBrasseur assisting.

**St. Martin Circle**  
St. Martin Circle of St. Francis de Sales Church met at the home of Mrs. Jasper Laurion, Walnut St., Tuesday night. Mrs. Todd Binder was assisting hostess. In cards, winners were Mrs. Ray Besner and Mrs. William Barker. Lunch was served. The next meeting will be at the home of Mrs. Connie Jahn.

## Record Sorting Is Started At Old City Hall

City crews have begun moving records kept in the old city hall building into a heated portion of the building, so they can be sorted and decision made on which should be kept to meet legal records requirements and which can and should be destroyed.

The old building is being sold to a Green Bay firm for a commercial development. The city has been using, for some time, the former Inland Lime and Stone Co., building given to it when Inland moved offices to the quarry.

The old city hall building and the adjacent Crawford and Holland property have been bought by the Greenwood Co., for a shopping center development which will begin with a supermarket as a nucleus. A proposal of a local salvage firm to raze the buildings has been forwarded to the company.

No decision has been made on relocation of the public safety department, pending completion of studies for a combined city-county building. The Alger-Schoolcraft Health offices are scheduled to be moved to rented quarters in the former LaVigne building on River St., now owned by Glenn Pawley. City schools have been requested to provide space for the county school superintendent's office.

## Briefly Told

**Couples Fellowship** of Bethel Baptist Church meets at the church Thursday (today) at 7:45 p. m. The host committee is comprised of Rev. and Mrs. David van Gorkom and Mr. and Mrs. Myron Louis.

**Public Safety Officers** ticketed Lawrence C. Smith, Manistique, obstructing traffic, and Douglas Garvin, 321 N. Cedar, excessive speed.

CAROLYN MARIE JOHNSON, daughter of Mr. and Mrs. George S. Johnson, Isabella, became the bride of John Pat Miller, Manistique, in a double-ring ceremony Saturday at St. Anne's Church, Isabella. The couple will live at Indian Lake after a wedding trip in the South. (Mincoff Photo)

## Book Fair Set Friday

The first Book Fair will be held at the Manistique School and Public Library Friday, April 10 from 8:30 a. m. to 8:30 p. m., with a choice of 700 titles for selection. Proceeds from the sale will be used to defray expense of the Schoolcraft-Delta sponsored National Library Week activities.

Mr. and Mrs. Frank Smith of Detroit spent a few days at the home of his sister, Mrs. Lenord Kubont, and visited their parents, Mr. and Mrs. Axel Mortinson and Mrs. Lulu Smith.

Mrs. James Sadler returned to Detroit with her husband after spending a few days here with her parents, Mr. and Mrs. Thurman Skarritt and her sons, Joey and Steve.

**SENATE SEAT FOR LIFE**  
In Nicaraguan government, former presidents hold a senate seat for life and the defeated runner-up in the presidential contest receives a senate seat for six years, according to the Encyclopedia Britannica.

## Library Posters Are Submitted

Eighteen posters emphasizing National Library Week were sent to Escanaba Tuesday for judging in the Schoolcraft-Delta poster contest. The Manistique Library acknowledges the cooperation of parents and teachers of St. Francis, Hiawatha and Fairview schools. Books will be awarded as prizes to grades 3-4; 5-6; 7-8, and will be announced by Mrs. O. W. Brookes Jr., chairman, at the start of the event, April 12-18.

## VFW Auxiliary Elects Officers

The VFW Auxiliary elected Mrs. Henry D. DeSautel president at its meeting Monday evening.

Other officers elected are: Mrs. William Adams, vice president, Mrs. Alden McLearn, junior vice president, Mrs. Wallace Peck, treasurer, Mrs. Reginald Glidden, chaplain, Mrs. Carl Louis, conductress, Mrs. Elmer Hamiel, guard, Mrs. Elvi Cousineau, secretary, Mrs. Ivor Wilcock, 3-year trustee, Mrs. Earl Malloch, musician.

Elected delegates to the spring rally at Menominee May 2-3 were Mrs. Edward Jorgenson, and Mrs. John Benish. Alternates elected were Mrs. Ralph Deloria and Mrs. Don Martin.

Other officers and chairmen will be appointed later. Installation services will be held in May. A school of instruction is scheduled in Germfask May 22.

Loyalty day will be celebrated May 1, with the key words, "freedom" and "loyalty." The first is the true American cause, the Auxiliary notes and the second is the American cry to the defense of the cause.

Birthdays of three members were recognized, a donation was voted for the Alaskan area and a thank-you was read from Newberry State Hospital for the Easter parade, hats, jewelry and other materials donated by the Auxiliary.

Pot luck lunch was served. Mrs. Carl Louis received the gift award. The next meeting is April 20.

## Crews Repair Water Leaks

City crews this week repaired two major water line leaks, in the 200 block of S. Cedar St., and at the old frame high school site, on Main St. The dig-ups involved three days work. Crews also have been doing some street sweeping, prior to snow, and Tuesday did considerable grading on gravelled streets, City Manager S. C. Gesko Jr., reports.

The American Automobile Association was founded in 1902.

### Vernon J. Brown, Veteran GOP Candidate Dies

STOCKBRIDGE (AP) — Vernon J. Brown, 90, a former lieutenant governor and long-time Republican office-holder, died Wednesday of a heart ailment.

Brown, former publisher of The Ingham County News at Mason, was a former president of The Michigan Press Association. He had recently returned from Florida to spend his 90th birthday, on March 20, with his family.

Brown died at the home of a daughter, Mrs. Clark Hall of Webberville. Other immediate survivors include a son, Hugh Brown of Stockbridge, 11 grandchildren and 34 great-grandchildren.

Funeral services will be held Saturday at Mason.

### THEY NEEDED A COACH

LOUISVILLE (AP)—No one challenges Joe Kirchdorfer's claim that he introduced basketball at St. Xavier High School in 1911. He did it the hard way.

Kirchdorfer, a sophomore at the time, asked officials to adopt the game but was turned down.

He then collected some classmates and played an unofficial game with Louisville Male High. The next day, Kirchdorfer was reprimanded by St. Xavier but later the school relented and hired a coach.

### Soo Tells Gain In Unit Trains

Soo Line Railroad Co. President Leonard H. Murray reports "The year just ended was the best so far for the New Soo. Net income was more than \$4 million, an increase of 32 per cent over 1962 and over six times that of our first year after merger. Our gross business last year was greater by a small margin than that of 1962 and greater than that of 1961 by approximately \$5 million. Our ability to spend for necessary maintenance and improvement has been significantly enhanced by the profitable operations of the New Soo.

"Gross revenues through the end of February 1964 were greater than those for the first two months of 1963 by more than 1 per cent. Total expenses, taxes and other working charges increased with the increased volume, but only by 4.7 per cent. The result was net income for the first two months of 1964 of more than \$660,000, contrasted with a net deficit for the first two months of 1963 of about \$129,000.

"We established a shuttle train service between Duluth and Buffalo in conjunction with the Pennsylvania Railroad and a large milling firm. This unit train, between early January and early March, brought to the transportation of grain a new concept.

"Our unit trains, operating under very tight schedules and with the customer's complete cooperation as to loading and unloading requirements, moved wheat in 95 car lots from Duluth to Buffalo with one of the highest degrees of equipment utilization we have yet to achieve and, somewhat because of this factor, at the lowest price per hundredweight for this commodity we have charged for many years.

"Actually these unit trains are pioneers of a new, broader concept of transportation. We can foresee many commodities that move in volume and in bulk being adapted to the unit train concept. Undoubtedly as time goes on, we will see co-operative efforts between shippers who have such commodities moving in opposite directions to utilize the profound economies of a two-way loaded unit train. This will open a new era in rail transportation.

"We realize the tremendous opportunities in the unit train concept in many commodity areas. But we too, must move in the direction of ever higher equipment utilization and equipment efficiency. In 1964 we shall receive newly designed and highly modern and efficient hopper cars in sufficient numbers to form a unit train with 50 cars with a capacity equal to those we operated early this year using 95 box cars. These cars will be part of our equipment acquisition and repair program of large proportions.

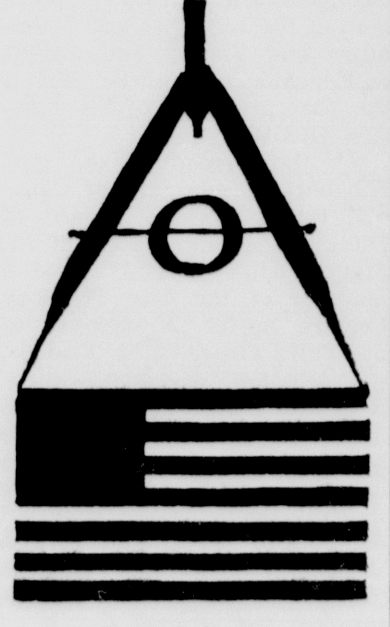

### Times Building Has Bomb Scare

NEW YORK (AP) — A bomb threat forced evacuation of the New York Times building for an hour Wednesday night and delayed the second edition 40 minutes, a Times spokesman said.

The spokesman said a man told a Times telephone operator: "A bomb will go off in an hour in the pressroom."

About 700 employees left the building and remained outside while police searched the basement pressroom.

More people get more news from newspapers than from all other sources combined.

Let's plan our strength!

We need continued strength to hold our world lead on many fronts. We lead in science and invention... in business and jobs... living standards.

But, to lead takes leaders. And the cost of leadership has gone up. Our colleges train potential leaders and they are feeling the pinch. Many need new classrooms, laboratory facilities and teachers.

We must plan our future strength... now. We must back our colleges—America's best friend.

### HELP THE COLLEGE OF YOUR CHOICE NOW!

To find out how the college crisis affects you, write to HIGHER EDUCATION, Box 36, Times Square Station, New York 10036.

### Michigan Vote Split In House

WASHINGTON (AP) — Michigan's congressmen split exactly along party lines—with Democrats for and Republicans against—as the House passed a cotton-wheat subsidy bill 211-203. The bill went to President Johnson.

All of Michigan's Democratic congressmen voted "yes" while all but one Republican, Rep. John B. Bennett, voted "no" when the House passed a food stamp bill, 229-189, Wednesday night.

### City Briefs

Students from the Delta Area who have been named to the dean's list at Albion College for attainment of a 2.3 or better scholastic average during the first semester include: Lorna Cameron, freshman, daughter of Mr. and Mrs. Wallace Cameron, 602 S. 11th; and George Kelly, freshman, son of Mr. and Mrs. George E. Kelly, South Bluff.

HEAVILY ORNAMENTED—It's hard to tell just where Chichem Fang is amid the heavy ornamentation of the costume. But, that was part of the fun when the Peiping Opera troupe spent a dancing and musical stay in Paris. This cultural visit is significant in light of the recent recognition of Red China by France.

## All-Day Services Saturday At Adventist Church

John Erhard, pastor of the Escanaba Seventh-Day Adventist Church, announced all-day services in the Adventist Church Saturday, April 11.

L. A. Pomeroy, pastor of the Iron Mountain Church, will be in charge of the Sabbath School, at 9:30.

The guest speaker at the 11 a.m. service will be Pastor Merrill Fleming, Michigan conference youth director from Lansing.

A pot luck dinner will be served at noon.

Parkin Christian of Pitcairn Island fame will be guest speaker at the 2:15 service, and will show pictures and will be interviewed.

At 5 p.m. the service will close with the showing of the movie, "This My Son."

## Isabella Circle Is Meeting Monday Night

Daughters of Isabella, Trinity Circle 362, will hold a regular business meeting at Teamsters' Hall Monday, April 13, at 8 p. m.

A social hour will follow the meeting and cards of the players' choice will be featured with prize awards for each table. Lunch will be served by chairman Mrs. Steve Rodman, assisted by Mesdames Donald Sullivan, William LaCrosse, Robert Trotter, Edwin Turnquist, Wendell Erickson and Clarence Tushak.

The next social will be held Monday April 27, with Mrs. Henry King, chairman. More details will be announced later.

# Women's Activities

## DAV Auxiliary Names Officers For New Year

Officers of the Auxiliary to Disabled American Veterans Chapter 24 were named at the recent annual meeting.

They are: commander, Joyce Cousineau; senior vice commander, Esther Johnson; junior vice commander, Sadie LeBlanc; chaplain, Helen Cayer; treasurer, Judge Marie D. Peters; executive committee woman, Nettie Seidl.

Installation will take place at the May meeting.

Plans were made for the Zone 4 spring meeting to be held in Escanaba May 9 and for a party for the patients at the Iron Mountain VA Hospital. Games will furnish entertainment and refreshment will be served by the Chapter and Auxiliary.

Attending will be Robert Jensen, commander of Chapter 24, and Mrs. Jensen, Mrs. Lloyd Lindstrom, Mrs. Clem Sharkey, Mrs. Bertha Trotter, Ernest Caron and Mr. and Mrs. Robert Cousineau.

A social hour for Chapter and Auxiliary followed the meeting. Dorothy Young was lunch chairman.

## Reuben H. Clouses Will Mark Golden Wedding

The golden wedding anniversary of Mr. and Mrs. Reuben H. Clouse, long-time, widely-known residents of Groos, which occurs April 14, will be celebrated this coming Sunday, April 12.

An open house from 2 to 5 for all relatives and neighbors and friends will be held at the home of their son, Percy, who also lives in Groos.

Mr. and Mrs. Clouse were married by the Rev. C. Albert Lund of Bethany Lutheran Church, Escanaba, April 14, 1914.

Mrs. Clouse, the former Eva Vennstrom, was born in Sweden and Mr. Clouse was born in Manistique. The first four years of their marriage were spent in Cadillac. They have lived at their present address at Groos since 1918.

They were blessed with three children, Mrs. Margaret Hughes and Percy R. Clouse of Groos, and the late Evert L. Clouse of Lake Orion. There are 18 grandchildren and four great grandchildren.

Reuben Clouse was employed at Escanaba Paper Co., now the Mead Corp., from 1919 to 1958 and since retirement his hobby is woodworking in his shop during the winter months. During the summer, they both enjoy their cottage and gardening at Pole Lake.

## Social Club Meeting Held At St. Anne's

St. Anne's Social Club held its first meeting following the Lenten season Wednesday evening in the parish hall. The meeting was opened with prayer by the Rev. Stephen L. Mayrand, pastor, and spiritual director. The total attendance was 120 members.

Buffet lunch was served with table decorations in the spring theme and cards were played with attractive table prizes.

Co-chairmen of the evening were Mrs. Dean Abbott and Mrs. Bennett McCauley. Their hostess committee was Mesdames Charles Tushak, Chet Morton, Earl Wuellner, Thomas Richer, Mose Martin, Gordon Bean, R. DeGrand, Marie DeGrand, Jules DeGrand, Lionel DeGrand, J. Goulais, Warren Johnston, A. Laviolette, William Richer, Med Beaudoin, Fred Provencier, George Moreau, Joseph Charbois, Louise Finn, Tom Guigan, Julia DeGrand, Anna Hamm and Tom Tousignant and Miss Theodosia Kleinschmidt.

## Births

JACKE — Mr. and Mrs. Joseph A. Jacke, Gladstone, Rte. 1, are the parents of a daughter, Susan Colette, born at St. Francis Hospital April 8 at 2:50 p. m. The baby weighed 7 pounds and 13 ounces. Mrs. Jacke was Mary Rogers.

FRANKS — Mr. and Mrs. Donald L. Franks, 1215 S. 11th Ave., welcomed their first child April 8, a son, James Donald, weighing 8 pounds, who was born at 9:52 p. m., at St. Francis Hospital. Before her marriage, Mrs. Franks was Madelyn Jensen.

FLATH — A son was born to Mr. and Mrs. Robert N. Flath, Bark River Rte. 1, today, April 9, at 1:05 a. m., at St. Francis Hospital. The baby weighed 8 pounds. Mrs. Flath is the former Henrietta Boye.

SUMMERS — Mr. and Mrs. John R. Summers, Gladstone Rte. 1, are the parents of a son, Joseph Paul, who weighed 7 pounds and 8 ounces at birth today, April 9, at 4:43 a. m., at St. Francis Hospital. Arlene Nelson is the mother's maiden name.

PETERSON — The first child of Mr. and Mrs. Thomas Peterson, 12891 Village Road, Garden Grove, Calif., is a son, David Michael, born today, April 9, 2:26 a. m., at Santa Ana Community Hospital. The infant weighed 6 pounds and 6½ ounces. Mrs. Peterson is the former Marsha Kuipers of Garden Grove and Mr. Peterson is a son of Mrs. Henning Peterson of Escanaba.

## Junior High Parents Meeting At Stephenson

STEPHENSON — Parents of all 8th grade students are invited to meet with administrators, counselors and staff members teaching at this particular grade level today, at 8 CST, at Stephenson High School.

Each year school authorities plan this meeting to acquaint parents with the many aspects of high school. A brief review of the entire curriculum, subject patterns which can be followed through high school, vocational choices, individual student cumulative records, standardized tests, are just a few of the areas to be covered at the meeting.

The meeting will be held in the biology room of the new addition. Parents who plan to attend should use the south door of the Annex as this is the most convenient entrance.

## Rapid River

Achievement Honors  
Three girls from the Rapid River 4-H club were honored on county-wide Achievement Day. Cynthia Pike received a blue ribbon for modeling and Mary Martin and Barbara Viaw's garments will be judged for sewing awards for the U.P. State Fair.

Rapid River's 4-H club prepared for Achievement Day by staging its own local show. The girls modeled their garments for their mothers and refreshments were served.

Ignace Jan Paderewski, noted pianist, was the first premier of the Republic of Poland.

## Personals

MR. AND MRS. William Larson, 810 N. 15th St., Gladstone, announce the engagement and approaching marriage of their daughter, Anita Joyce, to 2nd Lt. William Lawrence Hayes, son of Mr. and Mrs. Lawrence Hayes of Rapid River. Miss Larson now is teaching in Greendale, Wis. Her fiancé is stationed in Denver, Colo. The wedding will take place in Florida June 27.

MR. AND MRS. August Burm, 424 S. 14th St., have returned from Rochester, Minn., where they had examinations at the Mayo Clinic and where Mr. Burm had major surgery at St. Mary's Hospital.

## Bridal Shower For Miss Bruner

Sandra June Bruner, daughter of Mr. and Mrs. Joseph Germaine, who will be a bride in May, was honored at a shower Monday evening at the home of Mrs. Elroy LaCrosse, with Mrs. LaCrosse and Mrs. Roy Anderson, hostesses. Games were followed by a party lunch with table decorations in the bridal theme, and a display of gifts. In 500, Mrs. Julius Desotelle and Mrs. Fred Malnor received high score prizes and Mrs. Ed Germaine and Mrs. Emma LaFleur, low. Mrs. Myron Lorensen received prizes in smear and in other games. Mrs. Al Sweke was high. Guest awards went to Mrs. Mason Johnson and Mrs. George Rivest.

Miss Bruner's marriage to Robert LaFleur, son of Mrs. Emma LaFleur, 1101 3rd Ave. S., will take place May 23 at 9:30 a. m. at St. Joseph's Church in Escanaba.

## Spring Tea At Presbyterian Church Saturday

Plans have been completed for the annual Spring Tea to be given by the Presbyterian Women's Association Saturday, April 11, with a bake sale beginning at 2 p. m. The program in charge of Mrs. Arol Beck, will be a delightful half hour of music by the Escanaba String Ensemble, with David Laakso conducting. The tea will follow.

All women in Escanaba are cordially invited to attend.

## NCCW Officer Will Speak At Convention

Mrs. Scott Hurlbert, Kalamazoo, third vice-president, NCCW, will be one of the featured speakers at the Diocesan convention in Ironwood. She will speak at the general session Sunday morning, April 19. A registered nurse, Red Cross volunteer nurse and graduate of Nazareth College School of Nursing, Mrs. Hurlbert is actively engaged in many civic, community and church activities.

On the Deanery level she has served as past president of the Kalamazoo Deanery, chairman of the Libraries and Literature and Family and Parent & Educator Committee. She is the past president of the Lansing DCCW.

At the present time, Mrs. Hurlbert, is secretary of Catholic Social Service Board of Directors, group leader of St. Mary's Altar Society and a member of the Lay Theology Lecture Series. A member of the Third Order of St. Francis, she recently organized three interfaith discussion groups.

Serving as a member of the National Women's Committee on Civil Rights, she is active in civil rights on the state and community level and is also associated with the Citizens Committee for Decent Literature.

She is mother of five children, a married daughter and four sons at home.

The Right Rev. Msgr. Joseph J. Dunleavy, diocesan moderator, pastor of St. George's Church, Bark River, will be the keynote speaker of the convention, addressing the delegates at the opening session Saturday afternoon, April 18.

National representatives in attendance will be: Mrs. Corbin E. Eddy, Organization and Development, NCCW, Houghton; Mrs. Earl LaMothe, Women's Catholic Order of Foresters, Munising; Mrs. Joseph Savini, Daughters of Isabella, Calumet.

## Social-Club District Nurses

A large attendance marked the meeting of Delta District Practical Nurses Tuesday. The meeting was held at the Sloan Nursing Home, Gladstone.

DON'T SKIP EYES  
Apply foundation over your eyelids before applying eye make-up. Experts point out that many women skip their eyes when using foundation. The eyes then do not match the rest of their complexion coloring.

SLIM COLORS  
Since dark colors are more slenderizing than pastels, the wise mother-to-be will stick to navy for her spring dress wardrobe and use lighter colors as accents.

Buy-Nite Relief

# In This Corner

with Ray Crandall

Escanaba's withdrawal from the Great Lakes Conference will have a considerable effect on the remaining nine members of the league . . . Not the least of which is the fact that Sault Ste. Marie and Marquette will now almost certainly dominate the football and basketball picture annually . . . Those two large Class A schools meet each other only once during the basketball season and it will be interesting to see if the winner of that game is not a virtual cinch to win at least a co-championship in the sport . . . The same will likely be the case most years in football where size is even more important to athletic success than in basketball.

Escanaba's announcement that it will withdraw from the Great Lakes at the close of the 1965 season did not come as a surprise to close observers of the conference . . . Escanaba coaches and administrators have not been happy with the Great Lakes setup for several years, and the feeling has been mutual . . . Some of the smaller schools in the conference have not been happy with Escanaba's situation for the same length of time.

Escanaba hopes to improve its athletic program by dropping from the conference . . . The long range idea is to encourage formation of a new big-school league where competition will be more even, facilities will be better in many cases and the overall athletic program will be upgraded . . . Even if such a league is not immediately forthcoming, a school of the size and stature of Escanaba will have little trouble prospering sportswise as an independent.

Although some coaches may have been happy to see Escanaba fold its Great Lakes tent, others expressed concern over the loss of such an Upper Peninsula athletic giant from the conference membership . . . Escanaba has an impressive sports "image" in the Upper Peninsula and the state . . . It is one of the largest schools in the region, boasts top accommodations and facilities in basketball, football, track and other sports, has a highly competent coaching staff headed by Harold Johnson in basketball and Jerry Cven-gros in football.

Escanaba's sports activities are publicized by a daily newspaper and two radio stations and the resultant coverage is a distinct benefit to any league or conference of which the school is a member . . . Escanaba school officials have traced a wise athletic path in recent years and they have helped the Great Lakes Conference in some measure to become a more mature and stronger organization.

By dropping out of the conference, Escanaba may have triggered the very action it had been seeking to accomplish in recent years . . . It's possible that the remaining schools will now attempt to realign into two sections or leagues, made up of smaller schools on the one hand and larger schools on the other . . . If that should happen some time in the future, it's also possible that Escanaba would hook up with some present members of the conference.

Even more likely is the possibility that a new conference will be organized in the near future, composed of larger schools in the area who are interested in a solid competitive program of athletics in a limited geographical area . . . That, we believe, is the hope of Escanaba Area Public School's coaches and administrators.

# Warriors Even Playoff Series

ST. LOUIS (AP) — San Francisco evened its National Basketball Association playoff with St. Louis in a "dog-eat-dog" battle Wednesday night, and taking the biggest bite out of the Hawks was Nate Thurmond.

"Thurmond did it all — defense, offense, rebounds," said Warrior Coach Alex Hannum after his club had whipped the Hawks 111-109.

The victory tied the Western Division best-of-seven final play-offs at two games each and returned the home-court advantage to the Warriors.

The next game will be played in San Francisco Friday night with the teams returning to St. Louis Sunday. The final contest, if needed, will be played on the West Coast.

Boston can wrap up the Eastern Division playoff tonight when the Celtics and Cincinnati meet in Boston. The Celtics lead their series, 3-1.

Thurmond didn't start the game, but when Wayne High-tower's ankle began to trouble him, the 6-foot-11 inch reserve entered and scored 17 points and pulled in 15 rebounds in 42 minutes.

Thurmond teamed with Wilt Chamberlain, who notched 30 points and gathered 23 rebounds, to push the Warriors to a 109-100 lead with 2:52 remaining.

St. Louis made a final rush on points by Bob Pettit and Zelmo Beaty, closing to 110-109, but close-in shots in the final seconds by Cliff Hagan and Richie Guerin went astray.

Pettit paced the Hawks with 29 points.

# No Expansion Ahead In NBA

ST. LOUIS (AP)—The National Basketball Association owners have decided to forego expansion for the 1964-65 season, President Walter Kennedy announced Wednesday.

The unanimous vote by the board of governors, made up of the club owners, came despite firm offers by Kansas City, Chicago and Pittsburgh for a franchise. Two cities in the Southwest also expressed interest.

The board also instructed Kennedy to continue negotiations with a major network to televise weekend games next season.

Television negotiations center around a Game-of-the-Week telecast every Saturday or Sunday beginning in January 1965.

# Chicago Bids For AFL Club

CHICAGO (AP)—A syndicate of Chicago businessmen has applied for an American Football League franchise for Chicago.

Bob Nussbaum, investment broker who heads the eight-man group, estimated the capitalization of the syndicate at about \$3 million.

He said the application, mailed to AFL headquarters in New York, also included plans for remodeling Soldier Field for the games to provide a seating capacity of 59,800.

Nussbaum said he has started negotiations for a Canadian football team to move to Chicago to provide "the nucleus of a solid, going team rather than relying on an AFL pool."

# Death Takes Jim Umbricht

# Colts Will Wear Black Arm Bands This Season

HOUSTON (AP)—The Houston Colts will wear black arm bands during the National League baseball season in memory of Jim Umbricht.

The big right-handed relief pitcher died Wednesday of cancer, 13 months after it was discovered. He was 33.

The Chicago native underwent surgery a month before the baseball season started last year and made a remarkable comeback with a 4-3 record.

During the second half of the 1963 season he was one of the National League's leading relief pitchers with a 2.61 earned run average for 76 innings while appearing in 35 games.

Russ Kemmerer, a former teammate now with Houston's Oklahoma City farm club, will give the eulogy at funeral services Friday afternoon. The body will be cremated.

Colt Manager Harry Craft, Coach Luman Harris, infielder Bob Lillis and pitcher Ken Johnson will fly to Houston from the

Colts' Cocoa, Fla. spring training camp for the services.

Houston's scheduled exhibition game Friday with Milwaukee at Cocoa was canceled.

George Kirksey, Colt executive vice president, said Umbricht remained in good spirits until the end and said he was determined to get back into uniform.

Colt General Manager Paul Richards said Umbricht was "one of the finest competitors

I've ever known on or off a baseball field."

Colt officials said the players will wear black arm bands on opening day and the remainder of the season.

Last year's operation involved what doctors called a rare but lethal "black mole" tumor, a form of cancer which starts with a black mole on an arm or leg.

The disease began to appear in the chest area last season but

Umbricht and Colt officials kept the development a closely guarded secret.

The cancer continued to spread and Umbricht, who weighed 210 pounds and stood 6-4, entered the hospital again March 16.

Umbricht was honored at a Philadelphia dinner early this year as the most courageous athlete of 1963.

In accepting the award, he said "some of us don't have time to slow down and take stock of ourselves."

"But six weeks in a hospital bed gives you time to think . . . and come out a better human being. I'm sure everything will come out all right."

# Fighters Set For Title Go

NEW ORLEANS (AP)—Bobo Olson said today he rates the Willie Pastrano-Gregorio Peralta light heavyweight title fight a toss-up "unless weight-making has weakened Peralta."

"That's the big if in my mind," said Bobo, the former middleweight king who wants to fight the winner of Friday's 15-round championship contest at Municipal Auditorium.

"It's harder to make weight and keep your strength as you get older," said Olson, a light heavyweight contender at 53.

Peralta, according to his handlers, has been hovering around 176 for days. He has to make 175 pounds at noon Friday.

"I feel great," said the Argentine, through interpreters. "I'll make the weight and I'll be strong. I came here to win the title and that's what I am going to do."

The six-foot challenger, who has broad shoulders and spindly legs, scaled 183½ when he drubbed Pastrano in a non-title 10-rounder at Miami Beach last Sept. 20. He weighed 178½ and 180¼ when he outpointed Californian Wayne Thornton on Nov. 15 and Jan. 24 to earn the title fight.

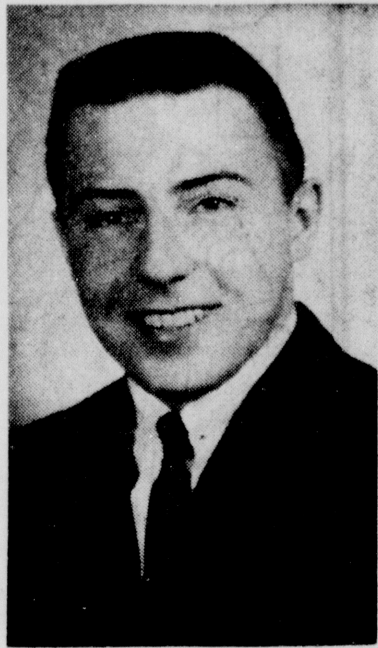

Pastrano, according to trainer Lou Gross, has made 175 pounds twice this week.

Both fighters will limber up briefly today. Peralta finished his boxing preparations Wednesday with two leisurely rounds against sparmate Calvin Campbell. Pastrano punched the bags and did floorwork.

# Howes Still Has Eight Lettermen Back Next Year

Although Coach Bill Howes of Rudyard will lose Ron Hintz and Joel Ploegstra, a pair of lanky seniors who led his Bulldogs to the Upper Peninsula Class B cage crown this season, opposing coaches need not begin extending their condolences.

Howes, who will receive the Gladstone Lions Club's Coach of the Year Trophy at the annual basketball recognition banquet tonight, will have eight lettermen back from this year's squad. And six of those eight returnees are over 6 feet in height.

Bill Howes

Escanaba High School football teams have clearly established superiority in the Great Lakes Conference in recent years. Eskey gridders have lost only one game to a Great Lakes foe in the past three seasons while winning 15 starts. That setback came at the hands of the Soo Blue Devils last fall.

Jack Taylor, former star football player for Coach Morley Fraser at Newberry High School and Albion College, is head swimming coach and assistant football coach at Augustana College in Rock Island, Ill. Taylor graduated from Albion in 1955, received his masters at Bowling Green, coached at Charlotte High School in Michigan and has been at Augustana for five years.

The schools considered for the first annual Big Seven holiday basketball tournament, tentatively set for Powers-Spalding Dec. 28-30, are the host Tigers, Carney, Hermansville, Alpha, Felch and Channing with the possibility of Champion and Pembine filling out the list. The annual Big Eight (henceforth Big Seven) basketball recognition banquet will be held Saturday, April 18, at Carney High School.

Stephenson High School football fans will have a tough time figuring out their foes without a program this fall. To make room for new opponents Menominee, Norway, Negau-nee and Gwinn, the Eagles have dropped Holy Name, Kingsford, Ishpeming and Newberry.

Tommy Quade, former Upper Peninsula resident of Iron Mountain, overcame the handicap of an amputated left leg to make the varsity

wrestling squad as a sophomore at West Allis Hale High School. The restriction of an artificial limb has not stopped the youngster from competing in intramural basketball at the Milwaukee school.

Tom Edwards of Iron Mountain is the early singles leader in the 54th annual Upper Peninsula Men's bowling tournament which opened at Iron River last weekend. He spilled a 604 series. Eight Hi Alleys of Goodman is the regular team leader with a 2871 and Vic's Radio of Gaastra the minor team pacer with 2689. Ed and Frank LaBelle of Iron River are tops in the regular doubles with 1175.

# Sports Dinner Ticket Sale Is Announced

Advance tickets are now available for the Holy Name High School all sports banquet which will be held Saturday, May 16, sponsored by the Holy Name Booster Club.

The banquet is open to the public but tickets must be purchased in advance. The tickets are available at the school or from Walt Snyder, chairman of the ticket committee.

Main speaker will be Jerry Kramer, Green Bay Packer football star. Honored will be all varsity athletes of Holy Name.

# Redskins Reject Offers To Buy

WASHINGTON (AP)—Washington Redskins' officials, after a two-hour huddle, announced Wednesday that all offers to purchase the National Football League club were rejected.

Officials said they had no further comment.

Previously two \$7 million offers for the club had been reported. One was from a group headed by George L. Ohrstrom of The Plains, Va., and the other from Harry G. Sells, Washington attorney representing a syndicate.

WALLY SCHULTZ, 6 foot 3 inch Escanaba High School senior, was named to a first team berth on the all-conference basketball team by Great Lakes Conference coaches at their annual spring meeting. Schultz is an outstanding athlete in four sports at Escanaba, earning varsity letters in baseball, track and football as well as basketball. (Daily Press Photo)

# Mertz Mortorelli: Clinic Speaker Has Impressive Sports Career

Americo (Mertz) Mortorelli, a member of the speaking staff at the first Upper Great Lakes Football Coaching Clinic to be held here Friday and Saturday, has a long, varied and impressive background in athletics.

The former Ironwood High School star athlete is head football, track and wrestling coach and athletic director at Wisconsin State College at Superior.

Now in his 10th year at that position, Mortorelli was one of Superior's all-time great athletes in his undergraduate days when he was named all-conference halfback three times, made the varsity in basketball and won the college's heavy-weight boxing crown.

Mortorelli began his athletic career at Ironwood High School where he earned all-Upper Peninsula and all-state honors in football, was selected to the All-U. P. team in basketball and held U. P. and state records in track. He graduated from Ironwood in 1939.

# Coached U. P. Champs

After fashioning a highly successful college athletic career at Superior State, Mortorelli played pro football with the New York Giants briefly, then moved to the University of Wisconsin to earn his masters degree.

He coached at Painesville, Mich., for one year and at Ironwood High School for four before moving to Superior. His 1953 Ironwood team was undefeated and won the Floyd Barber Trophy as Upper Peninsula champion.

At Superior, four of his last five football teams have been ranked among the top 30 small college teams in the nation in both offense and defense. His 1962 team had a 7-1-1 record and was rated No. 2 in Wisconsin and 22nd in the nation.

In wrestling at Superior, Mortorelli's teams have posted 34 victories against 7 defeats and 2 ties.

Mortorelli is a football scout for the New York Jets of the American Football League and the Minnesota Vikings of the National Football League, vice president of the Superior Youth Organization, president of Superior Little League, member of the National Exe-

# Hawks Favored To Win Series

By The Associated Press  
The Montreal Canadiens and Chicago Black Hawks are favored to advance to the Stanley Cup finals with victories on home ice tonight.

Both the Montreal-Toronto and the Chicago-Detroit series are tied 3-3. The finals in the National Hockey League competition will be in Chicago Sunday night if the Hawks eliminate Detroit. Otherwise, they will start Saturday night in either Montreal or Toronto.

The Canadiens, regular season titleholders, will be bolstered by the return of Jean Beliveau, their veteran center and captain. Big Jean hurt his knee in the fourth cup game and did not suit up for the next two.

Ralph Backstrom, a center, and Jacques Laperriere, a rookie defenseman, will play for Montreal despite minor injuries. Backstrom has a charley horse and Laperriere a sore wrist.

The spotlight in the Chicago-Detroit game will be on the goaltenders, for more than one reason. Both Terry Sawchuk of Detroit and Glenn Hall of Chicago have had their troubles.

Sawchuk missed one game and part of another because of a pinched nerve in his left shoulder while Hall complained of a stomach disorder and sat out the final period in Tuesday night's 7-2 setback.

# Tigers Prepare To Break Camp

LAKE LAND, Fla. (AP) — The Detroit Tigers prepared to break training camp today for the trip home after their last game on the spring exhibition baseball schedule.

Only today's game with the Kansas City Athletics in Lakeland was left in their Florida circuit tour. Detroit opens the American League season at home against the A's next Tuesday.

The Tigers had an exhibition record of 10 victories against 14 losses as they took the field today.

On the homeward jaunt, the Tigers will play weekend games in Charleston, N.C., and Knoxville, Tenn.

The Tigers crowed a little Wednesday over their 4-1 victory over the Houston Colts the night before when southpaw Mickey Lolich went the distance, striking out 11 men.

The strikeouts gave Lolich a total of 29 in 29 innings of spring work.

OUR BOARDING HOUSE with Major Hoople OUT OUR WAY

by J. R. Williams

# Teachers Vote For One Union

DETROIT (AP) — Detroit's 10,000 public school teachers voted Wednesday in favor of one group as their spokesman before the Board of Education.

The vote came in an unprecedented teachers' election of its type. Eighty per cent of the voters chose the one group proposal on a ballot giving three choices.

Currently, the Detroit Federation of Teachers (DFT) and its rival, the Detroit Education Association (DEA), deal separately with the school board.

The Board of Education meets Friday to act on the balloting results.

Prior to the election the Board said it would regard the results as advisory.

The "one spokesman" proposal received 7,510 votes from the 9,392 teachers who took part in the election, a nearly 100 per cent turnout.

The other two proposals called for a continuance of present practice—609 votes—or adoption of a teachers representation committee chosen from the DFT and DEA—1,245 votes.

The DFT, an AFL-CIO affiliated union claiming 6,000 teachers as members, has threatened to strike unless the Board grants a collective bargaining election.

The DEA, an affiliate of the National Education Association, is the DFT's rival for teacher support. The DEA has opposed the strike proposal.

STUDENTS OF Escanaba Area High School will present John Patrick's play "Everybody Loves Opal" at the Area High School auditorium Friday and Saturday nights. Pictured in rehearsal are (from left) John E. Anderson as Sol, Joe Mileski, police officer, and Kathleen Bell as Opal. For tickets call ST 6-6521. (Daily Press Photo)

# DDT In Worms Can Kill Birds

KALAMAZOO — Research at Michigan State University has shown earthworms contaminated by DDT spraying can kill birds, members of Michigan Audubon Society were told here at a symposium on pesticides and wildlife problems.

An MSU graduate ornithology student, Ernest Boykins, said worms are highly resistant to DDT themselves but can store lethal amounts of the chemical for long periods of time. Further, studies indicate earthworms do not need to be continually exposed to DDT treated soil to remain toxic to wildlife.

The panel was a highlight of Michigan Audubon's 60th annual meeting, and it ended in a sharp exchange between the director of the Michigan Department of Agriculture, George S. McIntyre, and a research biologist for National Audubon Society, Roland Clement.

McIntyre detailed and defended his department's pesticides programs, and noted the Michigan Legislature in 1875 passed the first law in the

United States directing a state agency to control plant insects and diseases.

The State Department of Agriculture, he said, has been using chemicals to control insects since 1932, when the Japanese beetle was discovered in Michigan. But, he added, there was no controversy until aerial spraying was initiated.

Pesticides, McIntyre said, are scattered helter-skelter over the countryside. "There is no guesswork. Nothing is left to chance that can be foreseen or planned. Every possibility of injury that can be anticipated is given special attention."

"I appreciate there are some who sincerely believe the use of modern day pesticides does more harm than good, that they are dangerous to human health and cause wanton and unnecessary loss of wildlife, including birds, animals and aquatic life. Some believe the use of chemicals is upsetting the balance of nature for the entire state. Evidence does not point in this direction."

agricultural scientists and officials of federal and state agencies are "propagandists." And he countered that efforts to eradicate an established insect such as the Japanese beetle are futile "without sterilizing the country."

He challenged the official view that certain chemicals, such as the dieldrin used in Michigan's beetle war, are "indispensable." It and aldrin, he claimed, have been blamed by the U. S. Public Health Service for a massive fish kill in the lower Mississippi River and Gulf of Mexico.

Naturalists, he said, must "educate those in power — the politicians who are advised by the agriculture experts and approve the funds for such programs."

# Bank Gone With 10,000 Pennies

SALT LAKE CITY, Utah (AP) — One of the main fixtures of Daniel Montoya's bathroom is missing—a huge bank containing between 8,000 and 10,000 pennies.

Montoya told the police a window in his Salt Lake City home was broken and the bank removed.

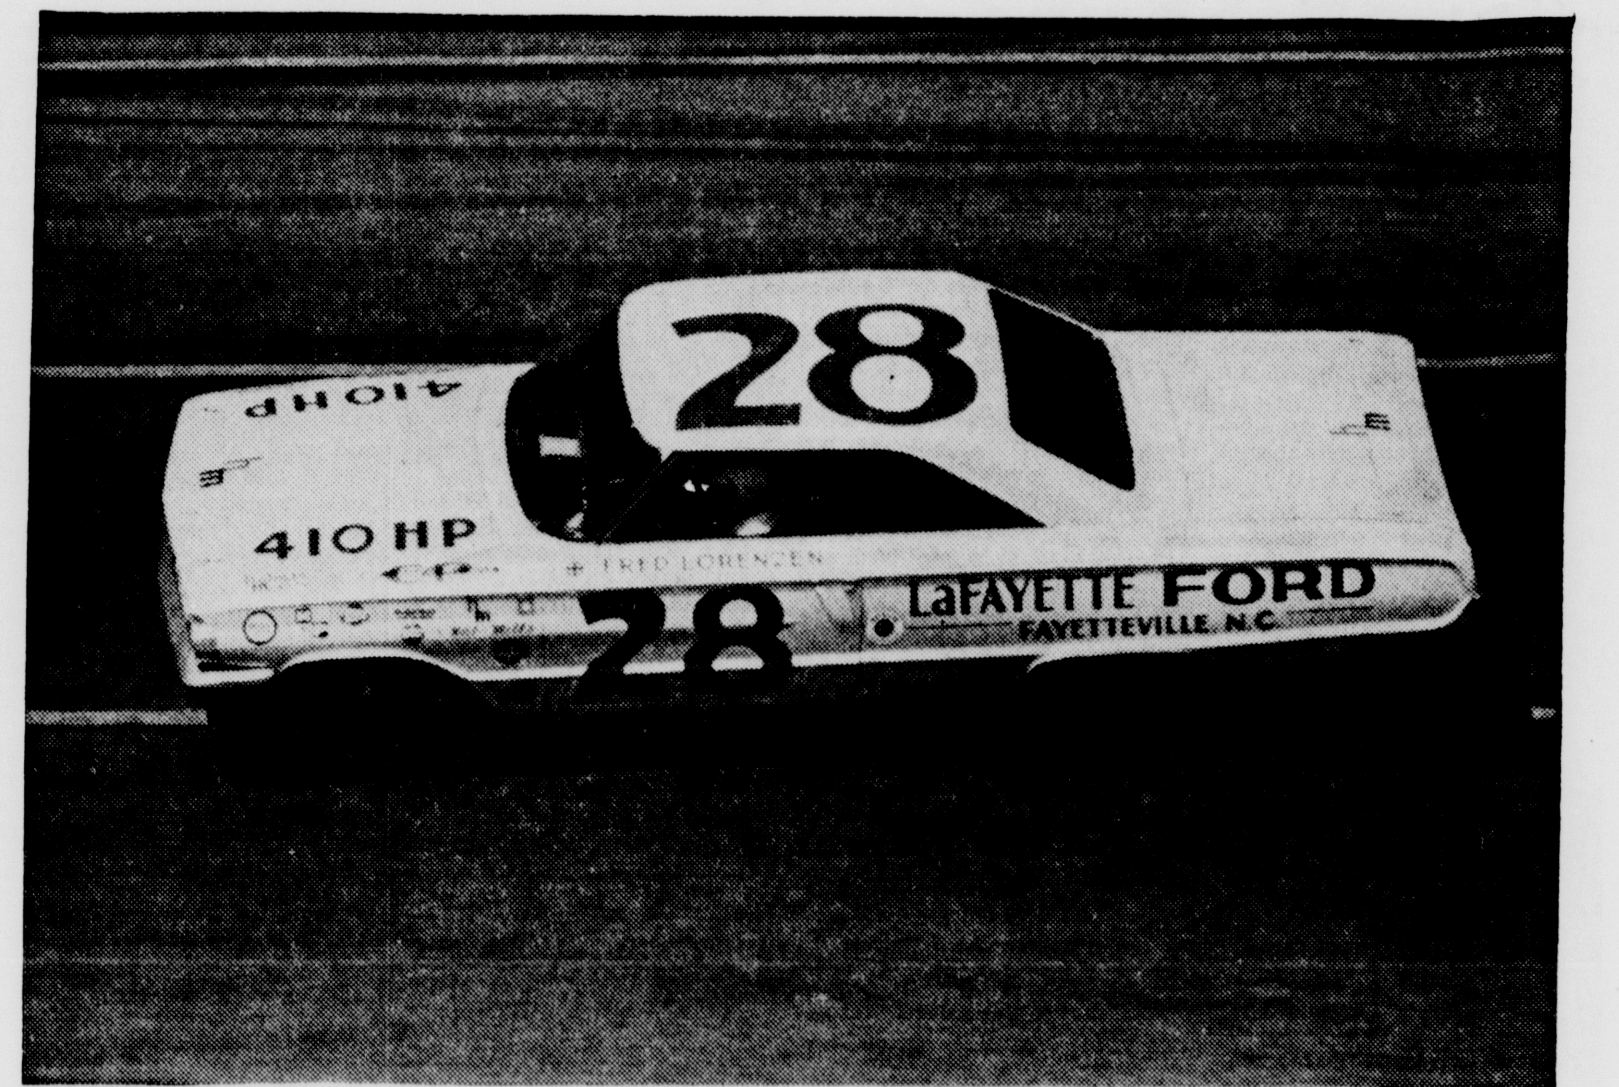

# Ford Dividend Again 50 Cents

DETROIT (AP)—Ford Motor Co. has declared a dividend of 50 cents a share, payable June 1 to stockholders of record May 1.

Ford also paid a 50-cent dividend in the first quarter, having raised the rate from 45 cents in 1963's final quarter.

# Jobs Increase

DETROIT (AP) — Michigan's employment rose 15,000 during March, almost half the rise take place in the automobile and construction industries, the Michigan Employment Security Commission reported. The Detroit area gain was 11,800. The area unemployment was 64,000, or 4.5 per cent of the labor force.

For the 3rd time in three years, Fred Lorenzen takes the grueling Atlanta "500" at the wheel of his Ford.

# FORD TOTAL PERFORMANCE WINS ATLANTA "500" FOR 3RD YEAR IN A ROW!

Latest win gives Ford 11 out of last 12 NASCAR 500 milers!

ATLANTA, April 5: In a blazing exhibition of total performance, ace driver Fred Lorenzen piloted his specially modified '64 Ford to a stunning victory in the Atlanta "500" before a cheering crowd of 75,000 spectators.

This victory marks the 11th time that Ford has captured a NASCAR stock car event of 500 miles or more starting in May, 1962.

In the past two years, tough, dependable Ford-built cars have carved out an

incredible history of victories in virtually every kind of automotive event possible—from stock car races to economy runs, from rallies to endurance tests.

This is the dramatic way to show that Fords have changed . . . and the sure way to be certain they keep on changing.

Ford enters special cars in open competition, in addition to its extensive laboratory and test track programs, because competition provides an intensity of testing that no proving ground alone can provide.

The lessons Ford has learned in racing have already led directly to such refinements as a stronger rear axle, streamlined "fastback" styling, better brakes and an improved ignition system.

Because Ford enters open competition, the cars at your Ford Dealer's are stronger, better handling, safer and thrifter in the long run. They're built for total performance.

TRY TOTAL PERFORMANCE FOR A CHANGE!

# Autos Owned By 80 Per Cent

By CHARLES C. CAIN  
Associated Press Auto Writer  
DETROIT (AP) — The Auto  
mobile Manufacturers Association  
reported today that almost  
80 per cent of U.S. families own  
a car and 15.6 per cent own  
more than one.

Evidence gathered for the  
43rd annual edition of the AMA  
booklet "Automobile Facts and  
Figures" showed the auto is be-  
coming an ever increasingly im-  
portant part of American life.

Over 95 per cent of families  
with incomes of over \$10,000  
now own a car and about 2.1  
per cent of U.S. families have  
over three cars.

The AMA breakdown of car  
ownership by 43,000,000 house-  
holds showed:

Number	Per Cent
1 or more cars	77.5
1 car	34,600,000 61.9
2 cars	7,500,000 13.5
3 or more cars	1,200,000 2.1
No cars	12,600,000 22.5

Total car registrations in 1963  
in the U.S. hit 63,844,000 of  
which 53,250,000 were owned by  
households. AMA said the dif-  
ference in the two figures is ac-  
counted for by government ve-  
hicles, by cars owned by armed  
services personnel residing on  
base, by individuals living in in-  
stitutions and by cars scrapped  
during the year.

**Six Year Old**  
AMA's report, published this  
week, showed the average age  
of the U.S. car on the road is  
six years, the same figure it has  
been since 1960. The average  
truck age is 8 years old, a slight  
increase over the 1962 average.  
The four-door hardtop was the  
most popular model pur-  
chased in 1963 according to reg-  
istrations which gave it 36 per  
cent of the year's total. The  
two-door hard top got 22 per  
cent; two-door sedans and sta-  
tion wagons 13 per cent each;  
four door hardtops 10 per cent  
and convertibles six per cent.

Of those who bought new cars  
last year at the nation's 42,147  
franchised dealers, 38 per cent  
paid cash for their new cars,  
including the trade-in allowance  
on their old car. About 49 per  
cent of used car buyers paid  
cash.

Those buying cars on time  
payments still remained numer-  
ous however as the AMA said  
over \$22 billion in auto credit  
was extended in 1963. This was  
a jump of \$2.6 billion over the  
previous year.

Surprisingly enough, the AMA  
said over 60 per cent of trips  
taken by U.S. motorists are  
less than five miles long.

**Favored For Vacations**  
The auto still remains the  
favorite family vacation trans-  
portation with 82 per cent of  
U.S. vacations taken in cars.  
More than 50 per cent of Amer-  
ican families use their cars to  
vacation at spots less than 500  
miles from their home.

AMA figures showed that one  
out of every seven persons now  
employed in the U.S. is  
employed in automotive or re-  
lated business.

States derive 26 per cent of  
their tax receipts from the mo-  
toring public, AMA said. On a  
national level, motorists paid  
almost \$12 billion in taxes last  
year, including auto purchase  
taxes, federal excise taxes,  
bridge, freeway and ferry tolls  
and other incidental taxes.

As for motorists who want to  
get away from it all, AMA said  
there were 684,525 mobile home  
registered in the U.S. last year  
and over 3.6 million miles of  
U.S. roads for them to travel  
on.

# Delta GOP To Go Uncommitted

Delta County's delegation to the Michigan Republican Convention May 9 in Grand Rapids will go "loyal to Gov. George Romney but not pledged to any presidential candidate," it was decided at the Delta County convention of the party in the Sherman Hotel Wednesday night.

The convention adopted four resolutions to be forwarded to the state resolutions committee.

One praised the Delta County Republican Women's Club on its organization and excellent handling of the fund raising Lincoln Day dinner at the Dells Supper Club.

The second commended Governor Romney on this leadership of the State of Michigan.

The third urged Passage of Governor Romney's 1964 legislative program.

The fourth commended local groups on solving their own problems, not calling for outside help, "thus supporting Republican philosophy and the American tradition of self-government." Mentioned specifically as self-help achievements were the Project Pride Building for the Chamber of Commerce, the Delta County School for Retarded Children, and the Gladstone Industrial Development Corp., purchase of the Marble Arms plant.

The resolutions were presented by Atty. Arthur Neiman, chairman of the Resolutions committee.

Delta GOP Chairman John Walbridge opened the meeting and John A. O'Brien was elected temporary chairman and Atty. Robert Hansley temporary secretary. All present were seated as delegates.

Chairman O'Brien said "Delta County has built an excellent Republican organization and it is thanks to you people here tonight that we have had success. We Republicans have a tremendous opportunity in 1964."

"In Michigan we have the excellent record of Governor Romney and with that is a top-

ping of a sound fiscal program, the first Michigan has had in many years.

"There are some dynamic and resourceful candidates for the Republican nomination for President. There are some magnificent candidates for the U. S. Senate, any one of whom can defeat Philip Hart in November. The issues will become increasingly pointed but one of the most important issues is the representation on a commission basis in Washington. This must stop and we must send to our capital city men and women who will represent us honestly and throw out the Bobby Bakkers and the Bill Sol Estes. It is appalling that the President of the United States would be involved in a dubious stock option in an Austin, Texas cable television company."

The delegates to the Grand Rapids convention are John Walbridge, John A. O'Brien, Mrs. Ellen Molin, Alcott Erickson, Harold Gasman and Roy Jensen. Alternates are Mrs. John Walbridge, Mrs. Alcott Erickson, Elmer Bonifas, Mrs. Elmer Bonifas, Mrs. Harold Gasman and Mrs. Carl Olson.

The Delta County Democratic convention will be May 13.

## Bark River

### Scout Rally

The Boy Scouts of the district will be taking part in competitive problems at the annual Red Buck District First Aid Rally at the Bark River-Harris Elementary School Saturday, April 11. Registration will be at 9:30 a. m. and the meeting will begin promptly at 10 a. m.

### Farm Bureau

The Toad Creek Farm Bureau will discuss "Walking the Marketing Tight Wire" at the meeting to be held Monday, April 13, at 8 p. m. at the Clem Ouradnik home.

Isaac Adams, Boston, Mass., introduced nickel-plating on a commercial scale in 1865-1866.

THIS CORNELL TRIO won honors in the 4-H Achievement Day program with a novel musical skit. They will compete again next summer at Camp Shaw for state honors.

FLAT ROCK'S 4-H square dance troupe was an honor winner in the talent show at the annual Delta County 4-H Achievement Day program. From left, bottom: Cathy Groos, Jane Cafmeyer, Loretta Delveaux, Ann Chenier, Nancy Mayette, Rosalie Hughes, Valerie Tourangeau, Julie Sargent and Duaine Chenier. Top: Kenny Gustafson, Timothy Rouse, Robert Barron, Dennis Chenier, Dennis Rappette, Bobby Gustafson, Kenneth Roberts and Mrs. Robert Jensen, the leader. (Larry Bradford Photos)

# Council To Pick Mayor; Appoint Three To Board

The election by the City Council of an Escanaba mayor and the appointment of three persons from the city to serve on the Delta County Board of Supervisors will be the order of business at a reorganization meeting of the Council to be held Monday night.

Mayor Harold Vanlerberghe as retiring mayor will open the meeting. Newly elected councilmen will be sworn in by City Clerk Don Guindon.

New members of the Council will be H. George Nelson, and returning incumbents who were reelected in Monday's voting are Jacob A. Bink, who has been on the Council for 12 years, and George Rusch, who has served on the Council since 1959.

Presumably the Council will follow custom of the past several years in selection as mayor of the candidate receiving the highest vote. This will be Rusch, who has been mayor previous to the last couple years.

Escanaba's hold-over Council members are Mayor Vanlerberghe and Glen Moreau. Wesley Hansen's term expires and he was not a candidate. He had been 12 years on the Council and twice mayor.

Incumbent Escanaba appointive supervisors are L. J. Jacobs, Harold C. Hayes and Matt Smith. They also serve as members of the Escanaba Board of Review.

The naming of the appointed supervisors in Escanaba and Gladstone and the elections in those communities will change somewhat the membership of the Delta County Board of Supervisors. Townships do not hold elections this year and so there are no changes there.

### Dagenais Gains 190

The Board of Supervisors will meet in the Court House at Escanaba at 10 a.m. Tuesday, April 14.

Canvassing boards today completed their official tally of votes cast in Monday's election and made few changes. None of the corrections in any way altered the results of the election.

Robert Dagenais, because of a discrepancy in the reported total from Precinct 7, gained 100 votes to bring his city-wide total to 718. In Precinct 5 Jacob A. Bink gained 1 vote to bring his total to 1730.

Other official totals were as unofficially reported earlier: George Rusch 1895, H. George Nelson 1813, Cecil Chace 1623, Harold C. Hayes 1312, James Chapekis 920, Mason Johnson 406 and Edward J. Liberty 38.

### School Vote Same

The canvassing board is composed of Edna Reynolds, who is chairman, Olga Matthews vice chairman, Inga Mae Anderson and Marion Barry.

There was no change in the special school election to have the Escanaba Area Schools

A MEMORIAL card and a letter from Mrs. John F. Kennedy were received by Mrs. Ben Shandoney, 625 N. 16th St., in response to her message of sympathy at the death of the President. (Daily Press Photo)

district assume the \$25,000 school debt of the former Ford River district.

The proposition carried 2214 Yes to 1391 No. One-half mill for one year will be placed on the tax roll next December to pay off the obligation.

Members of the school election canvassing board are Ralph Olsen, chairman, Mrs. John Fawcett vice chairman, Mrs. Arthur Carlson and Mrs. Russell Lee. Mrs. Lee was absent from the city.

## Talks Continue In Effort To Avert Walkout

(Continued from Page 1)

changes involved in the railroad strike threat:

### Wage Structure

The railroads are proposing extensive revision of the complicated pay structure under which employees are now paid on a basis of combined mileage and time worked.

The carriers contend the present pay structure results in unduly high pay in some cases, particularly on short train runs. They further contend that their proposal, including changes recommended by two special presidential boards, would actually result in pay increases for about three-fourths of the employees involved.

The unions argue that the change in pay structure would result in pay cuts of up to one-third for some employees.

### Road And Yard Service

The carriers want to change present job classifications to give them greater flexibility in assigning road crews to yard work and vice versa. Road crews would be most affected by this change.

### Self-Propelled Vehicles

The railroads want to eliminate some workers who are now required under present rules to man self-propelled railroad equipment.

### Interdivisional Runs

The railroads would lengthen the distance that some train crews have to travel before being relieved.

The net effect of the changes would be potentially to eliminate many thousands of jobs. There are no reliable estimates on exactly how many jobs would be eliminated because their impact on individual railroads would vary.

The wage issue also involves counter demands by the union to revise present rules regulating overtime, holiday pay, night differential and overnight expenses away from home.

## Romney Backed By Republicans As Favored Son

(Please turn to Pg. 14, Col. 5)

nates to the forthcoming state convention.

A record GOP turnout at Marquette elected two slates of delegates after a group of supporters for Goldwater challenged the legality of the regular Marquette County convention.

Dr. Fred Sabin, of Marquette, chairman of the regular convention ruled the protest by Richard Haight, Negaunee Township, out of order.

Haight then called a "rump session" which resulted in the selection of a second set of delegates.

Haight said he would consult

JEANIE BLICKMAN of Wells, pianist, was a talent winner in the Delta County 4-H Achievement Day program in William W. Oliver Memorial Auditorium April 4. She will go to Camp Shaw to compete for state honors.

## Estimate Wells School Addition To Cost \$29,800

Estimated cost of the proposed two-classroom addition to the Wells Elementary School by the Escanaba Area Public Schools district is \$29,800.

Supt. Walter Bright today noted that this construction cost estimate was reported to school board and Wells Township Board members who met informally in advance of the school board's session at Wells Tuesday night.

The estimate was made by G. Arntzen Architects of Escanaba, who have been authorized to prepare plans and specifications preparatory to the taking of bids for construction of the classrooms which are needed to relieve a space shortage.

Not included in the \$29,800 estimate are costs of architect fees, furnishings and site improvement.

The project is to be financed from a building and site fund of the former Wells school district, and from surplus Bonifas funds.

## Briefly Told

Garrett A. Tansley, 30, of Maywood, Ill., who has been absent without leave from the U. S. Army for 33 days, is held in jail here after his arrest by Escanaba police Wednesday afternoon. Officers said Tansley has been in Escanaba for about 30 days and obtained gasoline for his auto by unauthorized use of a credit card of a man residing in Manhattan, Kan. Tansley had been stationed at Fort Riley, Kan.

Presumably the Council will follow custom of the past several years in selection as mayor of the candidate receiving the highest vote. This will be Rusch, who has been mayor previous to the last couple years.

Escanaba's hold-over Council members are Mayor Vanlerbergh and Glen Moreau. Wesley Hansen's term expires and he was not a candidate. He had been 12 years on the Council and twice mayor.

Incumbent Escanaba appointive supervisors are L. J. Jacobs, Harold C. Hayes and Matt Smith. They also serve as members of the Escanaba Board of Review.

The naming of the appointed supervisors in Escanaba and Gladstone and the elections in those communities will change somewhat the membership of the Delta County Board of Supervisors. Townships do not hold elections this year and so there are no changes there.

## Dagenais Gains 100

The Board of Supervisors will meet in the Court House at Escanaba at 10 a. m. Tuesday, April 14.

Canvassing boards today completed their official tally of votes cast in Monday's election and made few changes. None of the corrections in any way altered the results of the election.

Robert Dagenais, because of a discrepancy in the reported total from Precinct 7, gained 100 votes to bring his city-wide total to 718. In Precinct 5 Jacob A. Bink gained 1 vote to bring his total to 1790.

Other official totals were as unofficially reported earlier:

George Rusch 1895, H. George Nelson 1813, Cecil Chace 1623, Harold C. Hayes 1312, James Chapekis 920, Mason Johnson 406 and Edward J. Liberty 38.

## School Vote Same

The canvassing board is composed of Edna Reynolds, who is chairman, Olga Matthews vice chairman, Inga Mae Anderson and Marion Barry.

There was no change in the special school election to have the Escanaba Area Schools

district assume the \$25,000 school debt of the former Ford River district.

The proposition carried 2214 Yes to 1391 No. One-half mill for one year will be placed on the tax roll next December to pay off the obligation.

Members of the school election canvassing board are Ralph Olsen, chairman, Mrs. John Fawcett vice chairman, Mrs. Russell Lee, Mrs. Lee was absent from the city.

## Talks Continue In Effort To Avert Walkout

(Continued from Page 1)

changes involved in the railroad strike threat:

### Wage Structure

The railroads are proposing extensive revision of the complicated pay structure under which employees are now paid on a basis of combined mileage and time worked.

The carriers contend the present pay structure results in unduly high pay in some cases, particularly on short train runs. They further contend that their proposal, including changes recommended by two special presidential boards, would actually result in pay increases for about three-fourths of the employees involved.

The unions argue that the change in pay structure would result in pay cuts of up to one-third for some employees.

### Road And Yard Service

The carriers want to change present job classifications to give them greater flexibility in assigning road crews to yard work and vice versa. Road crews would be most affected by this change.

### Self-Propelled Vehicles

The railroads want to eliminate some workers who are now required under present rules to man self-propelled railroad equipment.

### Interdivisional Runs

The railroads would lengthen the distance that some train crews have to travel before being relieved.

The net effect of the changes would be potentially to eliminate many thousands of jobs. There are no reliable estimates on exactly how many jobs would be eliminated because their impact on individual railroads would vary.

The wage issue also involves counter demands by the union to revise present rules regulating overtime, holiday pay, night differential and overnight expenses away from home.

## Romney Backed By Republicans As Favored Son

nates to the forthcoming state convention.

A record GOP turnout at Marquette elected two slates of delegates after a group of supporters for Goldwater challenged the legality of the regular Marquette County convention.

Dr. Fred Sabin, of Marquette, chairman of the regular convention ruled the protest by Richard Haight, Negaunee Township, out of order.

Haight then called a "rump session" which resulted in the selection of a second set of delegates.

Haight said he would consult

JEANIE BLICKMAN of Wells, pianist, was a talent winner in the Delta County 4-H Achievement Day program in William W. Oliver Memorial Auditorium April 4. She will go to Camp Shaw to compete for state honors.

## Estimate Wells School Addition To Cost \$29,800

Estimated cost of the proposed two-classroom addition to the Wells Elementary School by the Escanaba Area Public Schools district is \$29,800.

Supt. Walter Bright today noted that this construction cost estimate was reported to school board and Wells Township Board members who met informally in advance of the school board's session at Wells Tuesday night.

The estimate was made by G. Arntzen Architects of Escanaba, who have been authorized to prepare plans and specifications preparatory to the taking of bids for construction of the classrooms which are needed to relieve a space shortage.

Not included in the \$29,800 estimate are costs of architect fees, furnishings and site improvement.

The project is to be financed from a building and site fund of the former Wells school district, and from surplus Bonifas funds.

## Briefly Told

Garrett A. Tansley, 30, of Maywood, Ill., who has been absent without leave from the U. S. Army for 33 days, is held in jail here after his arrest by Escanaba police Wednesday afternoon. Officers said Tansley has been in Escanaba for about 30 days and obtained gasoline for his auto by unauthorized use of a credit card of a man residing in Manhattan, Kan. Tansley had been stationed at Fort Riley, Kan.

with attorneys on the possibility of a court challenge of the regular delegate slate.
